Combined Graphic & Web Design Program Payment Plan Guideline

Dear prospective student,

We have implemented a payment plan feature for some of our courses and certificate programs in order to aid those with financial difficulties. In order to be considered for a payment plan, you must be working or have a guarantor who will be paying your behalf. This guideline is meant to provide you with some basic information about the plans we have available. The amounts on the plans reflect a \$20.00 registration fee.

Certificate Program

Total Tuition \$ 5,300

The three available plans are:

1- Plan A HALF means 1/2 of the tuition at **setup date** and the balance over a period **not exceeding ten months (\$2,670.00 +10 payments of \$265.00)**

2- Plan B THIRD means 1/3 of the tuition at **setup date** and the balance over a period **not exceeding ten months (\$1820+ 10 payments of \$350.00)**

3- Plan C FOURTH means 1/4 of the total tuition at **setup date** and the balance over a period **not exceeding ten months (\$1,320.00 + 10 payments of \$400.00)**

All payment plan requests are subject to approval and cannot be guaranteed. You will need a major credit or debit card and proof of identity.

*The amount under each option is adjusted in order to facilitate the process.

Yours truly,

Cristian Gallardo
