Information to Complete Immunization Requirements

Measles, Mumps, Rubella:

New York State Public Health Law 2165 requires all students entering a post-secondary institution to provide their health services center with proof of immunity to measles, mumps and rubella. This law applies to students born on or after January 1, 1957, who are registered for 6 or more credits (or its equivalent) regardless of degree or non-degree status at a CUNY campus.

ACCEPTABLE PROOF OF IMMUNITY MAY INCLUDE:

- Immunization cards from childhood (yellow card), signed and stamped.
- Immunization records from college, high school or other schools you attended.
- Signed and stamped immunization record from your health care provider or clinic. Note: Immunization records obtained from a public health department immunization information system. Students born after 1994 who were raised in New York City can check the Citywide Immunization Registry for their records by calling 311.
- Copy of lab report, (also known as titre or serology), showing immunity to measles, mumps and rubella.
- Proof of honorable discharge from the armed services within 10 years from the date of application will enable the student to attend school pending actual receipt of the immunization records from the armed services.

If you attended a CUNY college, your immunization record should be available at your new school
