

# Making Your Course Available to your Students

Instructors can always view and edit their Blackboard courses; however, Blackboard courses are hidden from student view until you make them “available.”

## To make a course available:

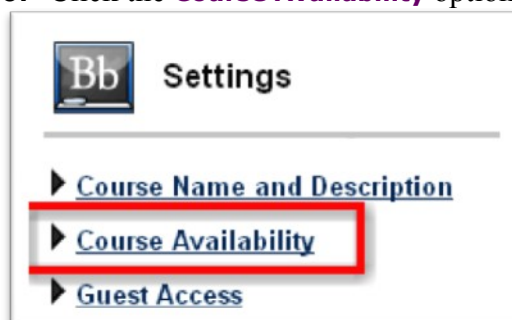

1. Click on the **Control Panel** button.

2. From the **Course Options** section, choose **Settings**.

3. Click the **Course Availability** option.

4. Select the **Yes** button.

5. Click the **Submit** button to activate the change.
