HUNTER COLLEGE OF THE CITY UNIVERSITY OF NEW YORK
HUNTER-BELLEVUE SCHOOL OF NURSING

HEALTH REQUIREMENTS AND CLINICAL PRACTICE CLEARANCE

All graduate students entering clinical courses are required to have health records. The purpose of this health requirement and clinical practice clearance is to protect students as well as the patients with whom they will be working. It is also important to determine that the student is able to fulfill the objectives of the educational programs.

Clinical clearance also requires students to submit proof of completion of HIPAA Privacy Training, health insurance, and BCLS Certification. Graduate students are required to submit current NY State RN Registration and NY State RN License.

A list of required documents is illustrated in the table below:

GRADUATE STUDENTS **ENTERING CLINICAL COURSES ARE REQUIRED TO SUBMIT THE FOLLOWING DOCUMENTS:**
1. Annual history & physical examination & HCP Clearance (submit original HBSON's H&P Forms)
2. Documentation of all listed immunizations, TB screening, and actual titer lab results for MMR, Varicella and Hepatitis B surface antibody
3. Your personal health insurance card (submit copy)
4. Certification by the American Heart Association Basic Cardiac Life Support (BCLS) for Health Care Workers/Providers (submit copy)
5. Proof of HIPAA training
6. A copy of your NY State RN License and current NY State RN Registration is required.
7. Additional documentation *may* be required by affiliating agencies, such as drug screening & Criminal background checks.

NOTE: Students are responsible for ensuring that all documentation remains up to date throughout each of their clinical placements.

Please upload all forms to: CASTLEBRANCH (see p. 2)

Students are expected to have one copy of the health clearance forms available when on the clinical site ready for review if asked to produce the documents by the nursing leadership.

All required materials are to be submitted by:

April 20th for the Fall Semester
Nov. 20th for the Spring Semester

Students must upload forms that pertain to their health clearance prior to registering for clinical courses.

Always check that the version number located in the footer of this document matches the version published on the Hunter-Bellevue School of Nursing website. Failure to use the most current version of these health clearance forms may result in your submission being incomplete and regarded as late.

Download the latest version of these forms at

Student Health Clearance Form

Health Care Provider to Complete

Does the student have any disease or condition that would limit his or her full participation in the nursing program?

No ☐

By signing below, the health care provider has determined that the named individual is eligible for clinical practice and agrees with the following statement:
I find him/her to be in good physical and mental health; he/she is free from any health impairment that is of potential risk to patients, personnel, students, or faculty and which might interfere with the performance of his/her nursing student responsibilities, with or without a reasonable accommodation. If a reasonable accommodation is required, I have identified the accommodation and the basis of the accommodation on a separate attachment.

Hepatitis B Vaccine Waiver

(If vaccine waived, submit this form one time only)

I understand that during my clinical placement I may be exposed to blood or other potentially infectious materials, and I may be at risk of acquiring hepatitis B virus (HBV) infection, a serious disease.

Please check the appropriate statement:

_____ I decline hepatitis B vaccination at this time. I have been informed and understand the possible risks of acquiring hepatitis B.

_____ I am currently in the process of receiving the 3-dose series of hepatitis B vaccine at 0-, 1-, and 6-month intervals. I will obtain anti-HB serologic testing 1-2 months after dose #3. Until this process is completed, I have been informed and understand that I continue to be at risk of acquiring hepatitis B.

Print Student Name: _____

Students Signature: _____

Date: _____

I have informed the above student of the risks associated with acquiring Hepatitis B.

_____
Signature Healthcare Provider

Adapted from Occupational Safety & Health Administration
US. Department of Labor
Standard Number: 1910.1030 App A
Can be waived; If a student has waived the Hepatitis B vaccination, the healthcare provider's signature indicates that the student has been advised by their healthcare provider of and understands the risks of not receiving the Hepatitis B vaccination.

Female students who believe they are pregnant must provide a letter from their health care provider indicating their expected delivery date and the lab result for Anti-Hepatitis B; although Hepatitis B vaccine is not contraindicated during pregnancy, the decision to receive their vaccination should be made in consultation with one's health care provider.

Students are advised that some health care/clinical agencies will not allow anyone who has not received the Hepatitis B vaccination and/or demonstrated immunity to Hepatitis B to participate in a clinical rotation at their site.

Influenza Vaccine Waiver
(If vaccine waived, submit this form.)

Influenza is easily spread from person to person and those infected can be contagious before any signs of the flu are present. Young children, the elderly, and those with chronic health problems are at particular risk for complications from the flu.

I understand that if I do not receive the influenza vaccine, I am at greater risk of acquiring influenza and exposing patients, other healthcare providers, fellow students, faculty, and my family to influenza.

Please check <u>both</u> statements:

_____ I decline the influenza vaccination at this time. I have been informed and understand the possible risks of acquiring Influenza.

*_____ I will wear a mask when in the patient care areas at my clinical placement sites.

I understand that some health care/clinical agencies may not allow students who have not received the Influenza vaccination to participate in a clinical placement at their site.
