The Look Ahead function allows a student to see what his/her audit would look like if they were registered for selected courses in future terms.

**Look Ahead tab**

A. Enter the course(s) that you are interested in and then click on the B “Add Course” button. Repeat this process for the various courses you are considering.

**TIP:** Make sure to enter the full course number (including 00’s at the end for three digit numbers).

If you want to remove a course from your list, C click on it (course will be highlighted) and then click the D “Remove Course” button.

When satisfied with the selection, click on the E “Process New” button.

**NOTE:** Planned courses appear as “PL.”

**IMPORTANT:** You must still register for planned courses in order for them to be applied toward your requirements.

**TIP:** You can click on the “Look Ahead Courses Used” drop down to view the courses selected for planning.

If you want to start over with a new selection of courses to plan, click on the G “Back” button.

**NOTE:** Previous courses selected will no longer appear.
