

The Pre-Med Plan

Step 1: Check the most up-to-date information on the Pre-Health website:

<http://www.hunter.cuny.edu/prehealth>.

Step 2: Review possible majors at <http://www.hunter.cuny.edu/academics/majors>

Pre-med is not a major. You may select any major of your choice.

Step 3: Meet with an academic advisor in 1119 East to help organize your plan by discussing possible majors, Pre-Med requirements, and General Education Requirements.

Step 4: Meet with your major advisor to discuss the sequence of major courses and to declare the major when all pre-requisites have been met.

Sample Pre-Med Course Template

Each semester should include science or math, at least one or two courses from your major and remaining GER. *GER courses should be taken simultaneously with your pre-med courses so you are not taking too many science and major courses at one time.*

Remember - many courses have pre-requisites. Make sure to check DIG for your GER and contact your major advisor for major requirements. Check with the pre-health advisors for additional research and coursework opportunities.
