## Meeting of the Hunter College Senate

### 11 October 2006

- 1 The 472<sup>nd</sup> meeting of the Hunter College Senate was convened at 3:45 PM in Room W714.  
2
- 3 **Presiding:** Richard Stapleford, Chair  
4
- 5 **Attendance:** The elected members of the Senate with the exception of those listed in Appendix I.  
6  
7 Alternate Senators were formally seated in accordance with the procedures approved by the Senate,  
8 and clickers were distributed to them.  
9
- 10 **Agenda:** The agenda was adopted as distributed with the addition of a new item 2.d “Re: Provost Search  
11 Committee Membership.”  
12
- 13 **Report by the** A summary statement of President Raab’s report to the Senate is as follows. She said:  
14 **President:**
- 15 “There is a terrible accident at 524 E. 72nd Street and York. A helicopter or small plane collided  
16 with a major tower, probably between twentieth and fortieth floor. We have not heard of any  
17 casualties, but obviously that part of the city is being blocked off. We are keeping classes going  
18 for the rest of the day. The subway is still open and the buses are running. So, we made a decision  
19 to continue with classes at all of the campuses. If there is any further information we will put out  
20 an e-mail. The police is reporting that as far as they know right now it is an accident.  
21
- 22 We do want to reconvene school-wide Committee on Compact Spending which met last year, and  
23 I want to ask the Senate to suggest alternate members to this committee. I will also ask the FDA,  
24 the HEO Forum, Student Governments, and other parts of the college. As you know, we are  
25 presented by CUNY with various categories in which we should use our new money, and  
26 suggested amounts within each of these categories, and than various sub-categories within those.  
27 Many of the Presidents have come together to ask CUNY for more flexibility within these  
28 categories, and as a result we have the ability this year to shift moneys between categories and a  
29 new category, Facility Maintenance and Technology, was added. Last year, as you know, we  
30 received an additional \$4.5M which was our allocation. Of that we had to raise a half a million in  
31 philanthropy which we have done. Some of that money was spent on the new work in the Library  
32 that I hope many of you have seen. We had a celebration last week of the marvelous new  
33 circulation desk which was paid for with the generosity of one of our colleagues, Ada Peluso, the  
34 Chair of the Math Department. Her donation as an alum was a very fitting tribute to her mother  
35 who told Ada to come to Hunter in the first place. Another one of our alums, Helene Gallant, also  
36 gave a philanthropic contribution to our half a million. And then we have to generate about  
37 \$600,000 internally from what is called productivity, which is really shifting resources from the  
38 administrative side to the academic side. So, in terms of new funds arriving on the campus, it is  
39 closer to three million. We used the report of that Compact Committee, and we also relied very  
40 heavily on the annual reports that each department provides. We use those very carefully as  
41 planning documents. So, I hope all of you will be participating in the next set of those reports  
42 within your department. We ask for very specific goals: where are the hiring needs, where are the  
43 facilities from new items to repairs and renovations to program support, to scholarship support,  
44 and we very much used those as road maps, as well as departments’ self studies, external reviews  
45 of the self-studies and accreditation reports that are coming from the professional programs and  
46 professional schools.  
47  
48

55 So, you will see a lot of new hiring going on, new purchasing of equipment and renovation of  
56 facilities as we are hoping to go through these rounds again. The Chancellor is very optimistic  
57 about our chances of having the Compact continue into the next year. There is a level of caution,  
58 however, since we will have a new Governor. We have often found when we have new executives  
59 that there tends to be rethinking and tightening up initially of spending. We are hoping to not only  
60 have that \$4.5M which is really three million dollars of new money allocated to us, but an  
61 increase of that money as well. We will know more by January-February. But in the mean time, we  
62 are planning optimistically to both continue the work we have been doing originally, and then  
63 adding on some other new initiatives with additional funding. We will also know at that time  
64 what will happen with tuition which was part of the Compact, and it was approved by the Board  
65 of Trustees including the student representative on the CUNY Board of Trustees. Last year the  
66 Governor felt that it was not necessary to raise tuition and they were able to fund the whole  
67 Compact from State resources without turning to a tuition increase. We all hope the same will  
68 happen this year but we will know more about that in January and February when the new  
69 Administration comes in.  
70

71 Many of you may have seen some very exciting news. We had been working rather quietly at the  
72 Schools of Health Professions with the Chancellor's office on a concept of opening a School of  
73 Public Health in CUNY, which would be housed at Hunter. The Chancellor pleasantly surprised  
74 all of us about a week ago when he announced in a speech that we are going to proceed with it. I  
75 think many of you saw the article in *The New York Times*. It was a very passionate speech about  
76 the need for more attention by the public university to important issues of public health and  
77 disease particularly in urban areas, and that City University of New York needs to create a new  
78 Graduate School of Public Health, and asked President Raab at Hunter College to take the lead.  
79 We are going to site that new graduate school at Hunter College. We are very excited and this fits  
80 into the plans to build a new building that would be able to house this new state-of-the-art School  
81 of Public Health. We look forward to working with all of our colleagues in the public health  
82 programs as well as other parts of the university to design this curriculum and to move ahead.  
83

84 I also want to announce that the Provost has been very active in thinking about the conversations  
85 about Academic Freedom on campus and has asked Richard Stapleford to recommend Senate  
86 members who would like to attend the Academic Freedom Conference at Harvard which is going  
87 to take place in November. Through Richard's recommendations and volunteers, and trying to  
88 cover various disciplines, we have the agreement of Dean Scott, William Sakas from Computer  
89 Science, Diana Conchado from Romance Languages, Phil Alcabes from the School of Health  
90 Sciences, and Sarah Chinn from the English Department to attend this conference. We are looking  
91 forward to having them come back from the conference to report on some of the discussions and  
92 help inform discussions on our campus."  
93

94 **Report by the**  
95 **Administrative**  
96 **Committee:**

The Chair presented the report as follows:

**Election of Ombudsman**

The *Voting Procedures for the Election of Ombudsman* were presented as distributed.

97  
98  
99 Professor Stapleford informed the Senate that only one candidate had submitted a platform statement  
100 and resume, and had signed the "Agreement Re: the Office of Ombudsman" that was reached with the  
101 President.  
102

The candidate, Professor Kathryn Rolland (School of Health Sciences), presented a brief statement.  
103  
104

105 Professor Tronto moved to forego the formal voting procedures and to instruct the secretary to cast a  
106 single ballot in favor of the candidate. The motion was unanimously approved by voice vote.

109 **11 October 2006**

110  
111  
112  
113 **Special Election to fill vacant seats on the Senate**

114 In accordance with Article IV.2.H.i & ii of the *Charter for a Governance of Hunter College* the  
115 Administrative Committee is presenting the names of all nominees received to date:

116  
117 **Alternate Student Senators (21 vacancies):**

118 Siobhan Cawley (Psychology)  
119 Tithi Ghosh (Mathematics & Statistics)  
120 Channell Mellish (Poli .Sci/AFPRL)

121  
122 It was moved that the entire slate be accepted. The motion carried by voice vote.

123  
124 **Resolution Re: Student Membership on Nominating Committee and Special Committees**

125 The Chair presented the report dated 11 October 2006 as distributed. The following resolution was on  
126 the floor:

127  
128 **BE IT RESOLVED**, that in conformity with the recent Charter amendments for Standing  
129 Committees of the Senate, student representation on the following committees be changed to 2  
130 students and 2 student alternates: Nominating Committee, Select Committee on Performance  
131 Measures & Outcomes Assessment, Select Committee on the First year Experience, Select  
132 Committee on Academic Integrity.

133  
134 It was moved that debate be closed. The motion carried by voice vote.

135  
136 The resolution was unanimously approved by voice vote.

137  
138 **Re: Membership on Provost Search Committee**

139 The Chair yielded the floor to President Raab, who asked the Senate to allow her to appoint 6 faculty  
140 members to the Provost Search Committee from the slate of eight faculty submitted to her, instead of  
141 only 4 faculty as required by the "College-wide Search Procedures." She explained that this would  
142 allow for broader representation, and she would be able to choose one faculty member from each of  
143 the three divisions of the School of Arts & Sciences and one faculty member from each of the three  
144 professional schools.

145  
146 It was so moved and seconded.

147  
148 After discussion the question was called and carried.

149  
150 Voting by clickers produced the following results: 46 in favor, 19 opposed, and 2 abstentions. The  
151 motion failed to receive the required number of 51 votes.

152  
153 **Item Carried**

**Undergraduate Academic Requirements Committee Re: Undergraduate Catalog Time Limit**

154 **Over:**

The following resolution was on the floor:

155  
156 **BE IT RESOLVED**, that all students who are readmitted to Hunter College after an absence of 10  
157 or more years must adhere to the Undergraduate Catalog in effect at the time of their readmission  
158 at Hunter College; and, in addition they are required to consult their major department concerning  
159 changes in course/degree requirements.

160

161 BE IT FURTHER RESOLVED, that this policy be implemented for students readmitted  
162 beginning Fall 2007.

163

166 **11 October 2006**

**Page 5328**

167  
168  
169  
170 Professor Stapleford presented the Committee's recommendation for an amendment which would read  
171 as follows (new wording is underlined):

172  
173 BE IT RESOLVED, that all students who are readmitted to Hunter College after an absence of 10  
174 or more years must adhere to the Undergraduate Catalog requirements in effect at the time of  
175 their readmission to Hunter College, and they are required to fulfill their major department's  
176 current course/degree requirements; and,

177  
178 BE IT FURTHER RESOLVED, that this policy be implemented for students readmitted  
179 beginning Fall 2007.

180  
181 After discussion the question on the amendment was called and carried. The amendment was  
182 unanimously approved by voice vote and became part of the mail motion on the floor.

183  
184 Voting by clickers on the main motion as amended produced the following results: 58 in favor, 4  
185 opposed, and 2 abstentions. The motion carried.

186  
187 At this point Professor Tronto moved that the motion concerning the President's request to appoint 6  
188 faculty members to the Member-Panel of the Provost Search Committee be reconsidered.

189  
190 She then provided the following reason: "This is a motion to reconsider the vote to change the size of  
191 the Search Committee, from four to six faculty members. That is what the President asked us to do.  
192 The vote failed to receive the required number of 51 votes with 46 in favor, 19 opposed, and 2  
193 abstentions. I really believe that this body should follow the majority rule regardless of Perez v.  
194 CUNY, and hope that this will set the precedent when there is an overwhelming vote on one side or the  
195 other that other members of the Senate in the spirit of comity agree to revote. I am willing to think  
196 about changing my vote on this motion and that is why I moved to reconsider. "

197  
198 After discussion the question was called and carried.

199  
200 Voting by clickers produced the following results: 54 in favor, 6 opposed, and 3 abstentions. The  
201 President's request to appoint 6 faculty to the Member-Panel of the Provost Search Committee was  
202 approved.

203  
204 **Committee**  
205 **Reports:**

**Calendar Committee**

206 Professor Shirley Raps, Chair of the Committee, presented the report dated 11 October 2006. She  
207 informed the Senate that the Calendar Committee is recommending Senate approval of the proposal  
208 from the FP&B Bell Schedule Committee to modify the current Bell Schedule, which has already been  
209 approved by the full FP&B.

210 She explained that the proposed scheduling matrix :  
211 maintains the current number of 3 hour courses meeting 3 times per week  
212 increases the number of options for 3 hour courses meeting twice per week  
213 adds a scheduling option for 4 hour courses.

214  
215 The proposed bell seeks to provide a system for responding to the majority of our course structures. It  
216 is anticipated that, by providing such a matrix, students will be better able to create a schedule. We

217 recognize that no matrix will respond to every possible scenario. Therefore, options for courses off  
218 the proposed bell will be reviewed by the Dean of the appropriate school.

219  
220 After discussion the question was called and carried.

223 **11 October 2006**

224  
225  
226 Voting by clickers produced the following results: 55 in favor, 2 opposed, and 2 abstentions. The  
227 motion carried. (The modified Bell Schedule and the Schedule Matrix for Fall 2007 are attached as  
228 Appendix II).

229  
230 It was moved that the meeting be adjourned. The motion carried and the meeting adjourned at 5:10  
231 PM.

232  
233  
234  
235 Respectfully submitted,

236  
237  
238  
239 Jill Gross,  
240 Secretary
