Re: Admission of Undergraduate Students to Graduate Courses

Professor Jane Matthews presented the Joint Report by the Graduate Course of Study & Academic Requirements Committee and Undergraduate Academic Requirements Committee with a revised statement for both the graduate and undergraduate catalogs as follows (new wording is underlined):

Undergraduates

Upon the recommendation of the student's undergraduate major or program advisor, and with the approval of the advisor of the graduate program offering the course, highly qualified undergraduate degree students may take graduate courses for credit toward the bachelor's degree. Both the undergraduate and graduate advisor must sign the approval form, which may be obtained by the student at the OASIS. ~~(Note: If the course is later accepted for graduate transfer credit within a program at Hunter,~~ If it is determined that the courses were not used for the bachelor's degree and the graduate transfer is acceptable, then the student will be charged the difference between the undergraduate and graduate tuition rates at the time the student took the course. No course may be applied to both the undergraduate degree and the graduate degree.

The motion was approved by voice vote after brief discussion.

Budget Committee Report

The report was postponed to the next meeting.

New Business: The issue of teacher evaluations for summer school courses and asynchronous courses, e.g., blackboard courses, was referred to the Committee on Evaluation of Teaching.

It was moved that the meeting be adjourned. The motion carried and the meeting adjourned at 5:20 PM.

Respectfully submitted,

Anthony Picciano,
