C. Research Support

Ongoing Research Support

ACTIVE

1K01 DA020774 (Principal Investigator: V. Frye)

04/01/06-03/31/11

NIDA/NYAM

Informal Social Control of Intimate Partner Violence against Women

To identify the neighborhood-level factors associated with the "informal social control" of intimate partner violence (i.e., social support of victims and social sanctions of perpetrators by community members or neighbors) by victim drug user status.

1-UR6/PS-000667-01 (Site Principal Investigator: V. Frye)

9/30/07-9/29/10

Centers for Disease Control and Prevention

Reducing Sexual Risk among African American Heterosexual Men

Design and test the effectiveness of a social cognitive intervention to reduce sexual HIV risk behavior among heterosexually active African-American men.

INACTIVE

I65/CCU222309 (PI: B. Koblin; **Co-Investigator: V. Frye**)

9/30/02-9/29/07

CDC/NYBC

Reducing Sexual Risk for HIV Transmission in Substance Using MSM (MIX)

Test the effectiveness of a cognitive-behavioral intervention in reducing drug use and sexual risk behaviors among HIV-negative males who have sex with males.

5 U01HD40533 (PI: M. Latka; **Co-Investigator: V. Frye**)

8/1/03-7/31/06

NICHD/University of Alabama

Adolescent Safer Sex Social Network Intervention (Project Friendship/Proyecto Amistad)

Design and evaluate the effectiveness of a peer-network based intervention with Latino/a adolescents who have had sex and used alcohol or drugs.

CDC/NYAM (PI: M. Latka; **Co-Investigator: V. Frye**)

9/30/01-9/29/05

Intervention Research Addressing the Primary & Secondary Prevention Need of HIV-Seropositive IDUs (INSPIRE).

To evaluate the effectiveness of a hybrid cognitive-behavioral and empowerment intervention in promoting utilization of HIV care, adherence to HIV medication, and sustained reduction in sexual and illicit drug use behaviors among HIV seropositive drug users in methadone programs.
