

Hunter College School of Social Work
Special Scheduling Request Form

Fall 2009

(To be submitted only if there is a special scheduling request)

This special request form is designed for students who commute a long distance (2 hours or more), have child/elder care responsibilities or other documented outside obligations that limit their flexibility when selecting courses. Special request forms are not for instructor preference.

It is important to be timely in submitting this form. It must be submitted before the start of registration. We will not be able to respond to requests for changes after registration begins and classes are closed. If there is any chance that you can only attend a section at a specifically listed time, you should submit this form.

Name _____

Student Identification Number: _____

Phone Number: _____
