Getting Started Resources

Keeping in the Loop-Access your Hunter E-Mail

The Dean's Office uses "blast e-mail" to inform students of important information and upcoming events. All HCSSW matriculated students are given a Hunter e-mail address and a password for accessing e-mails.

It's imperative that you either check your Hunter e-mail account regularly or set it so it bounces to your personal e-mail account. Information on student mail services and how to use your account can be found online at <http://snet.hunter.cuny.edu/smail/index.shtml>.

We have also included an information sheet in your packets.

Course Selection and Registration

Please use the registration instructions and course schedule we have included in order to select and register for your courses and field work.

If you are unsure about what courses you should take please consult the material in this orientation packet. The Student Handbook and the course catalog are further resources. These are both online:
