

To stumble is not to  
fall but to move  
forward more  
quickly.

African Proverb

We need to articulate common values and meanings if we are to survive and flourish. In intellectual terms, we need to recover an underlying "conceptual architecture" so that we can talk to each other. If we don't, we will inhabit smaller and smaller private worlds.

Alan Jones

One doesn't discover  
new lands without  
consenting to lose  
sight of the shore for  
a very long time.

Andre Gide

Work for what you truly believe is right. But most of all, do not let anything or anyone tell you that the possible is impossible. For even though we're children, we are the leaders of the future.

April Chacon

The very least you can do in life is to figure out what you hope for and the most you can do is live inside that hope.

What I want is simple,  
I almost can't say it:

Elementary kindness; enough to eat;  
enough to go around; the possibility that  
kids might one day grow up to be neither  
the destroyers nor the destroyed.

Barbara Kingsolver, *Animal Dreams*

Unless we change our  
direction, we are  
likely to end up where  
we are headed.

Young people  
frequently forget what  
you say and do, but

Frank J. Giblin, Jr.

One can never  
consent to creep  
when one feels an  
impulse to soar.

Helen Keller

We live not for ourselves. A thousand fibers connect us with our fellow men; and along those fibers, as sympathetic threads, our actions run as causes, and they come back to us as effects.

Herman Melville

Human history  
is the sad  
result of each  
one looking  
out for  
himself.

Julio Cortazar

Tell me and I might remember.

Show me and I might believe.

But let me experience  
and I will understand.

That's the risk you take if  
you change;  
that people you've been  
involved with won't like the  
new you.

But other people who do  
will come along.

Lisa Alther

**There can be no vulnerability  
without risk;  
there can be no community  
without vulnerability;  
there can be no peace, and  
ultimately no life without  
community.**

**M. Scott Peck**

Society will succeed or fail in  
direct proportion to the way it  
enhances or impedes the  
development of its children.

The human mind, once stretched to a new idea, never goes back to its original dimensions.

Oliver Wendell Holmes

Perhaps none of us knows  
**OUR TRUE STRENGTH**  
Until challenged  
to bring  
it forth.

Kouzes and Posner, *The Leadership Challenge*

**Our minds are like  
parachutes.  
They function only  
when open.**

Transformation is essential for all of us, that's what I've learned...to change the world we have to change ourselves. You must become the change you want to see in the world.

Reg Birch

Somewhere,  
sometime,  
the leader within  
Each of us  
May get **THE CALL**  
to step forward.

The UNIQUE  
role of  
LEADERS  
is to take us  
to places  
we've never been  
before.

Failure is an event,  
not a person.

William D. Brown

Wanting to LEAD and  
believing that  
*you can lead* are the  
departure points  
on the path to leadership.

Leadership is an art –  
A performing art and the instrument

Kouzes and Posner, *The Leadership Challenge*
