

Career Development Services, Mission Statement:

The mission of the office of **Career Development Services** is to provide all **Hunter students and alumni** access to the services and best available resources that will **assist** them in **discovering the career** that will provide optimum personal satisfaction. Through an interactive process in **individual and group counseling sessions**, **career counselors assist** students in the exploration and evaluation of education, training, work history, interests, skills, and personal traits. **Counselors help students** recognize underlying factors that may impede progress toward decision-making. The office works collaboratively with faculty to integrate classroom learning with experiential learning through internships and jobs. In an inclusive environment **free from discrimination**, the office **helps develop** each individual's **talents, skills, and career goals** in preparation for successful employment and a meaningful life.
