# Certificate In Web Design

## Registration and Tuition:

This certificate consists of **13 required courses**. Tuition for the **Certificate In Web Design is \$5,300** plus a one-time \$25 registration fee, or you can register for each course individually plus the registration fee per semester. This certificate cannot be completed in one semester. Payment plan options are available for students who register in person.

To register for courses online, visit our online registration portal. You may browse courses and register as a new or returning student. Certificate students, please visit or contact the registration office to select your course schedule per semester. There is a particular order in which to take the courses - please see the program module available on our website.

Course Materials & Software: Students registered for this certificate must have access to Adobe Creative Suite Premium.

## Required Courses:

### Visual Design for Everyone \$600 (GDVIDEEV)

This introductory course teaches the basics of visual communication and design. Become an effective designer through concept development, project planning and production, and development of critical skills. You will learn how to integrate the elements of visual design (format, line, shape, value and type) with the principles of visual design (proximity, contrast, balance, symmetry, alignment, repetition and unity). The course will also examine aesthetic and conceptual topics, like color theory, value, texture, pattern, icons, symbolism, perspective, overall look-and-feel, and the concept of “gestalt”—unified and consistent design.

### Adobe InDesign I \$500 (GDADOIN1)

In this course, students will learn to set up documents, work with text and type styles, add color, work with tables, use transparency and other effects, and bring in graphics to their InDesign projects.

### Adobe InDesign II \$500 (ADOIN2)

Take it to the next level by using advanced techniques to create Paragraph Styles, Character Styles, Object Styles and Table Styles. Topics include: creating

lists, Nested Paragraph Styles, using Find/Change, creating a TOC and an Index. This course also covers the secrets of good Typography Kerning, Tracking, Justification, Special Characters and White Space.

### Adobe Photoshop I \$375 (GDADOPH1)

This course is for both beginners and those with some background in Photoshop (with an emphasis on graphic design rather than programming). Prerequisite: Windows experience

### Adobe Photoshop II \$375 (ADOPH2)

In Photoshop II, students will continue the use of layers in greater depth and use Adobe Bridge to organize, sort and add Photoshop Metadata to files. We will cover the use of Camera RAW both in Photoshop and through Adobe Bridge. Through the use of Channels, Quick Mask, and some new Photoshop tools, students will learn advanced techniques, learn some not-so-widely-known new Photoshop features, and see how Photoshop integrates with InDesign and Illustrator.

### Adobe Illustrator I \$375 (GDADOILL)

Adobe Illustrator is an essential tool for anyone who needs to express ideas visually in print, on the Web and via any other medium. With 3D features, advanced typographical controls, smooth Adobe Portable Document Format (PDF) integration, enhanced printing options and faster performance, Illustrator helps you explore your creative vision and efficiently publish your artwork anywhere.

### HTML \$600 (WPHTML)

Hypertext Markup Language is the core of most websites. In order to grasp the concept and syntax of other languages (like CSS, Javascript, XML, and PHP), knowledge of HTML is required. In this course, learn the structure upon which nearly every other language rests. CSS and HTML 5 will also be taught. Please bring your own laptop to each class.

### Intermediate Cascading Style Sheets \$375 (WPCSSI)

Cascading Style Sheets (CSS) is a coding language flush with elegance and grace. Used in tandem with

HTML, it is the spice of a website. Through 12 hours of learning intermediate CSS techniques, students strengthen their knowledge of prior CSS techniques while gaining advanced coding techniques.

### Advanced Cascading Style Sheets \$375 (WPCSSA)

In this advanced CSS 3 class, students spend 12 hours learning advanced CSS techniques and tools to be on the cutting edge of styling with CSS.

### Advanced Adobe Dreamweaver \$400 (ADODREA)

This course offers students in-depth Dreamweaver capabilities and techniques (no computer programming knowledge required). The class will cover: Spry data record sets, Tables and forms, to the use of widgets and the extension manager; how to creating multiple screens for smartphones, tablets and printers. Bonus material: Preview phone app Starter.

### Introduction to Adobe Dreamweaver \$400 (GDINTDRE)

Receive a comprehensive introduction to creating websites using Dreamweaver 8. In this class, students learn to use templates, library items and snippets, as well as master the Dreamweaver behaviors that insert client-side JavaScript on their site.

### Wordpress \$375 (WDWPRES)

This course teaches the fundamentals, customizing a Wordpress site using a drag-and-drop page builder to add text and images to multimedia. Learn to modify themes and appearance, create links, handle media uploads, publish, move, maintain and backup your WordPress sites. Knowledge of basic HTML and CSS is recommended.

### Graphic Design: Making a Professional Portfolio \$600 (GDMAPRPO)

This course focuses on the art of design and teaches students how to organize and complete a portfolio to represent their personality and design capabilities. Learn elements of concepts, design, shapes, colors, typography, proportions, and how to choose colors and shapes to enhance projects. Projects consist of
