Questions regarding the Brookdale Cable bill:

- Why is USG paying for cable service for Brookdale?
- What dates does the payment cover?
- Is this for the game room service?

In response question about the cable bill at Brookdale, it has been confirmed that USG agreed to cover the cost for 2015-2016 in lieu of Residence Life purchasing smart TVs for the lounges on each of the sixteen (16) dorm floors. This action helps facilitate the use of the two TVs in the game room, and encourage students to congregate and form a community on their floors.
