

DOLCIANI MATH LEARNING CENTER HAPPENINGS

SEPTEMBER 17 – SEPTEMBER 30

ADMINISTRATIVE HOURS

The Center is operating both onsite and virtually during the following hours:

Mon 10:00 – 3:00; 4:00 – 8:00 Tues 9:00 – 8:00 Wed, Thurs, Fri 9:00am – 5:00pm Sat 10:00 – 5:00 (online only)

If you are not onsite you can get your general questions answered by either going to the Dolciani website, click on “enter the virtual Center” and someone will assist you, or you can email us at dmlc@hunter.cuny.edu.

STUDY SKILLS

- *Do you get nervous when doing math but not other subjects and do you think that you can study math in the same way that you study other subjects?*
- *Have you had a formal assessment done of your math strengths and weaknesses– not just the content – but the approaches that you use to study math?*
- *Have you understood the material when the teacher did it but had difficulty with your homework or when trying to do it yourself?*
- *Did you know the material at home but were unable to replicate on a test or do you freeze when you take a test?*
- *Do you have trouble taking down all of the notes in class or understanding your math textbook?*

All the questions above have to do with math **study skills** and not math **content** but can definitely interfere with your learning the math content and performing well on your tests. You would be surprised - sometimes as the saying goes "we are our own worst enemy." **The Dolciani Center is offering workshops both online (OL) and onsite (OS). Check with your instructor to find out about any incentives they may be giving to attend. Register through Navigate.** The remaining September workshops are listed below.

Session 1: Why Learning Math is Different from Learning Other Subjects and Determining Your Math Strengths and Weaknesses

We will discuss the differences in the process of studying math vs other subjects, will take a survey that will help identify their math studying strong points and weak points as well as their learning style, and will begin to design a study plan based on ideas presented.

Wed Sept 22: 11am (OL), 1pm (OL), 3pm (OL)

Session 2: How to Improve Your Math Test-Taking Skills

Students will learn and analyze the six common types of errors that are made on tests, develop strategies to avoid these errors, and learn additional strategies that will help them be successful on tests.

Fri Sept 17: 10am (OS)

Sat Sept 18: 11am (OL)

Mon Sept 20: 10am (OL), 12pm (OL), 2:30pm (OL)

Tues Sept 21: 11am (OS), 2pm (OS)

Thurs Sept 23: 9am (OL), 4pm (OS)

Wed Sept 29: 11am (OL), 1pm (OL), 3pm (OL)

Session 3: How to Reduce Math and Test Anxiety

Students will learn the difference between math and test anxiety, explore possible reasons for these anxieties, and develop ways in which they can control such anxiety.

Fri Sept 24: 10am (OS)

Sat Sept 25: 11am (OL)

Mon Sept 27: 10am (OL), 12pm (OL), 2:30pm (OL)

Tues Sept 28: 11am (OS), 2pm (OS)

Thurs Sept 30: 9am (OL), 4pm (OS)

TUTORING

The Dolciani Math Center offers small-group tutoring in any subject using math or statistics as well as CSCI 150.

Beginning Sept 17 this tutoring will be both onsite and online and will be by appointment. For more information on all of the hours, go to our website at www.hunter.cuny.edu/dolciani, go to tutoring, and then find your course. To book an appointment for tutoring follow the directions below.

Login to Navigate with your CUNY Login.

Select “Appointments” if using mobile app or “Get Assistance” if using web browser.

Select “Tutoring / Learning Centers” then the desired topic. (e.g. algebra, statistics)

Select from among available days/times and follow prompts to finalize.

The Dolciani Math Learning Center is located on the 7th floor of the Library in the Silverstein Student Success Center.
