PAYCHECK POLICY

This communication from the Director of Finance and Business Affairs is printed below as it was received. "Effective with the distribution of the March 22 paycheck all personnel must claim their paychecks on a timely basis. Should an individual fail to claim two consecutive checks, regardless of the reason, the following will occur. When the third check arrives, the Personnel Office will instruct the Payroll Office to remove the individual from the payroll until it can be determined if they are still employed at the College. Your cooperation in promptly claiming your payroll checks is most important. If you are unable to claim your paychecks you should contact the Payroll Distribution Office promptly."

To be removed from the payroll is extreme action, indeed, which will require much time and energy to redress. **All faculty are warned**, to guard against such action, should they be ill or unable for any reason to pick up their paychecks.
