

Paycheck Checkup Can Prevent a Tax-Time Surprise

It's important to check your federal income tax withholding now to avoid an unexpected tax bill or penalty with next year's return. The IRS Tax Withholding Estimator can help.

Everyone should check their withholding. It's especially important to check now if you:

- Had a large tax refund or tax bill the last time you filed
- Are a two-income family
- Have two or more jobs at the same time
- Work a seasonal job or only work part of the year
- Claim the child tax credit
- Have dependents age 17 or older
- Previously itemized your deductions
- Have high income or a complex tax return

Use the IRS Tax Withholding Estimator to do a Paycheck Checkup

- The IRS Tax Withholding Estimator helps figure out if you should submit a new Form W-4 to your employer or make estimated tax payments to the IRS before the end of the year.
- Have your most recent pay stub and federal tax return on hand.
- The estimator's results are only as accurate as the information you enter.
- Find the IRS estimator at ***IRS.gov/withholding***.
