MASTER'S PROGRAM: COMMUNITY/PUBLIC HEALTH NURSING

The Hunter College, School of Nursing of the City University of New York offers a 42-credit **hybrid** program for advanced public health nurses, leading to a Master of Science degree. This program prepares nurses who can assume leadership roles in community and population health in a variety of settings, including community-based programs, clinics and public health agencies. Students learn to apply advanced knowledge and research findings to practice through coursework and 501 hours of supervised clinical experience.

The program consists of core and public health courses taken with other graduate students in nursing, specialization and clinical courses and one elective course. The elective may be chosen from any graduate program at Hunter College.

Requirements for Admission:

Minimum requirements *include*:

- Graduation from an accredited baccalaureate program in nursing.
- Licensure and current registration as an RN in New York State.
- Cumulative undergraduate GPA of 3.0 overall and in nursing coursework
- Completion of a basic statistics course and an undergraduate research course.
- Completion of an online application form including a personal statement and at least two relevant letters of recommendation from nurses in leadership positions.
- 2 years post-baccalaureate full time registered nursing experience required

Please note that these are the minimum requirements; meeting them does not guarantee admission.

For more information on admission requirements, please go to:

<http://www.hunter.cuny.edu/nursing/admissions/graduate/admission-requirements>

Tuition and Fees:

As a tax-supported institution, Hunter College keeps tuition and fees relatively low. For current information on tuition and fees:

<http://www.hunter.cuny.edu/nursing/admissions/graduate/tuition-fees>
