A list of required documents is illustrated in the table below:

GRADUATE STUDENTS ENTERING CLINICAL COURSES ARE REQUIRED TO SUBMIT THE FOLLOWING DOCUMENTS:

4. Certification by the American Heart Association Basic Cardiac Life Support (BCLS) for Health Care Workers/Providers (submit copy)
5. Proof of HIPAA training
6. A copy of your NY State RN License and current NY State RN Registration is required.
7. Additional documentation <i>may</i> be required by affiliating agencies, such as drug screening & Criminal background checks.

NOTE: Students are responsible for ensuring that all documentation remains up to date throughout each of their clinical placements.

Please upload all forms to: CASTLEBRANCH (see p. 2)

Students are expected to have one copy of the health clearance forms available when on the clinical site ready for review if asked to produce the documents by nursing leadership.

All required materials are to be submitted by:

**April 20th for the Fall Semester
 Nov. 20th for the Spring Semester**

Students must upload forms that pertain to their health clearance prior to registering for clinical courses.

Can be waived; If a student has waived the Hepatitis B vaccination, the healthcare provider's signature indicates that the student has been advised by their healthcare provider of and understands the risks of not receiving the Hepatitis B vaccination.

Female students who believe they are pregnant must provide a letter from their health care provider indicating their expected delivery date and the lab result for Anti-Hepatitis B; although Hepatitis B vaccine is not contraindicated during pregnancy, the decision to receive their vaccination should be made in consultation with one's health care provider.

Students are advised that some health care/clinical agencies will not allow anyone who has not received the Hepatitis B vaccination and/or demonstrated immunity to Hepatitis B to participate in a clinical rotation at their site.

Influenza Vaccine Waiver (If vaccine waived, submit this form.)

Influenza is easily spread from person to person and those infected can be contagious before any signs of the flu are present. Young children, the elderly, and those with chronic health problems are at particular risk for complications from the flu.

I understand that if I do not receive the influenza vaccine, I am at greater risk of acquiring influenza and exposing patients, other healthcare providers, fellow students, faculty, and my family to influenza.

Please check both statements:

_____ I decline the influenza vaccination at this time. I have been informed and understand the possible risks of acquiring Influenza.

_____ I will wear a mask when in the patient care areas at my clinical placement sites.*

I understand that some health care/clinical agencies may not allow students who have not received the Influenza vaccination to participate in a clinical placement at their site.
