Hunter College Mission Statement

Hunter College of the City University of New York, a distinguished public university, values learning in the liberal arts and sciences as a cornerstone of individual development and a vital foundation for a more just and inclusive society. Continuing our long tradition of expanding opportunity, we seek students from all backgrounds to engage in a rigorous educational experience that prepares them to become leaders and innovators in their communities and in the world. Hunter also contributes to intellectual discourse by supporting excellent scholarship and creative activity by its accomplished faculty.

Hunter undergraduate, graduate, and professional curricula challenge students to think critically - to approach problems from multiple perspectives, distinguish the questions each raises, and recognize the kinds of evidence each values. The College's academic programs stress the significance of human diversity, emphasize research and artistic creation, and invite students to extend their education beyond campus. We cultivate the qualities our graduates need to thrive in their chosen careers and make a difference as active citizens.

We embrace our setting at the heart of New York City—we seek to draw on its energy, capitalize on its remarkable resources, weave it into the fabric of our teaching, research, and creative expression, and give back to it through our service and citizenship.

PERSONNEL ADVISORY MEMORANDUM

November 1, 2004

To: College Presidents
From: Frederick P. Schaffer 
Re: Personnel and Budget Committee Proceedings and Departmental Elections

The purpose of this memorandum is to set forth (1) the most significant requirements concerning Personnel and Budget Committee ("P&B") proceedings, and (2) the procedural requirements for departmental elections of chairpersons and P&B members. This memorandum also applies to colleges with department committees on appointments and promotions in lieu of the P&B committee.¹ These requirements emanate, for the most part, from Articles VIII and IX of the Bylaws of the Board of Trustees and may be modified in a college's Governance Plan that has been adopted by the Board of Trustees.²

A. PERSONNEL AND BUDGET COMMITTEE PROCEEDINGS

The primary role of departmental P&B committees is to review the candidacies of faculty members for appointment, reappointment, promotion, and tenure.

¹ Plan No. One, as described in Bylaw sections 9.1(e) and 9.8(a).

² See Bylaw sections 8.14 and 9.12.

1. Voting Requirements

A majority of the whole number of voting members of the P&B committee must be present, and a majority of the whole number of voting members must vote affirmatively to pass a positive recommendation of a departmental or college P&B committee (Bylaw sections 9.7(b) and 8.12).

Votes of P&B committees shall be by secret ballot (Bylaw sections 8.12 and 9.2).

In order to cast a vote, a faculty rank member must be physically present at the P&B committee meeting. There is no proxy or absentee voting permitted.

A P&B member who is on leave of absence or on sabbatical retains his/her voting rights in the department, unless the P&B member has otherwise agreed in advance of being granted the leave or sabbatical. As with all other faculty, he/she must be physically present to vote. A P&B member who has received notice of non-reappointment, submitted his/her resignation, or is on Travia (retirement) leave may not vote on the P&B.

A P&B member should not vote on matters in which he/she has a personal or pecuniary interest, e.g., his/her own promotion or the promotion of a spouse or domestic partner. If questions arise about whether a member has a pecuniary interest, the department chairperson should consult with the college's Labor Designee.

2. Minutes

In accordance with Bylaw sections 8.12 and 9.2, the minutes of P&B committee proceedings shall conform, insofar as practicable, to Robert's Rules of Order. The Board Resolution of June 5, 1967 concerning P&B procedures (known as the "Max-Kahn Memorandum") provides in relevant part:

Minutes. The minutes of a P&B Committee should conform to the canons set forth by Robert's Rules of Order, Revised: (page 248) "The secretary ... should keep a record of what was done and not what was said..." The action upon motions, and not the discussion which led to such actions, should be recorded, unless the P&B should order, by a majority vote, that the discussion be recorded. It is the duty of the Chairman of the P&B Committee to rule out of order random and irrelevant discussions of the candidate's merits, and to keep the discussions to the consideration of objective and relevant data, insofar as this is practicable. Voting should be by secret ballot. The minutes should be submitted for approval at the next succeeding meeting.

The minutes should generally contain the following:

- a) the name of the committee;
- b) the date, time, and place of the meeting;
- c) the names of those present at the meeting in the following categories: voting members and non-voting members;
- d) the fact that the regular chairperson and secretary were present or, in their absence, the names of the persons who substituted for them;
- e) whether the minutes of the previous meeting were read and approved (as read, or as corrected), together with the date of the previous meeting;
- f) the body of the minutes should indicate the action on each candidate and the number of those voting on each side and those voting to abstain or "present," but should not indicate the substance of the discussion of the candidate's merits. For the purposes of determining if a quorum is present, the minutes should indicate the names of all committee members present for each vote. This may be done by indicating those present at the beginning of the meeting and their arrivals and departures as they occur;
- g) the minutes should be signed by the secretary of the committee (who shall be a member of the committee), and may also be signed by the chairperson of the committee.

3. Confidentiality of P&B Proceedings

Within the University setting, discussions of candidates at P&B meetings are to be kept confidential. It is Board policy that it is professional misconduct for a member of a P&B committee to disclose the substance or even the nature of the discussion at a P&B meeting (Max-Kahn Memorandum). The vote counts are also confidential and should not be disclosed. In view of Board emphasis on the confidentiality of P&B proceedings for the purpose of obtaining the candid opinion of other professionals in the field on their colleagues, as well as the frank exchange of the views of the members of the committee, the deliberations of the committees should not be disclosed to non-members, including other members of the department and the candidate.

Since it is Board policy to maintain the confidentiality of P&B proceedings, this confidentiality should be respected throughout any grievance process arising from a P&B action, such as a non-reappointment. Thus, the College and all members of the P&B committee should take care throughout the grievance process, including arbitration, not to reveal the substance of any of the P&B's discussions at its meetings.

The confidentiality of P&B proceedings is not absolute, however. In cases that result in litigation, such as a claim of discrimination made by a faculty member, the actions of the P&B committee may come under scrutiny, and a court may require that the substance of a P&B committee's deliberations be revealed. In such cases, the University, in conjunction with either the Attorney General's Office or the Corporation Counsel's Office, takes steps to limit disclosure of the P&B committee's deliberations by measures such as a confidentiality stipulation binding on all parties.

4. Materials That May Be Considered by P&B Committees

In order to satisfy concerns of procedural fairness, the P&B committees should generally consider only those documents and other materials that are a part of the candidate's personnel files. While the particular details of what is included in a faculty member's personnel files may vary from college to college, and department to department, the PSC/CUNY collective bargaining agreement (the "Agreement") provides certain parameters.

In accordance with Article 19 of the Agreement, there are two personnel files for each employee — the "personal file," and the "administration file." Both of these must be available to the P&B committee during its consideration of candidates.

Article 19.2 of the Agreement governs the personal file, which is available for examination by the employee at his or her request. That same provision enumerates a non-exhaustive list of the types of the materials to be included in the personal file, including annual evaluations, teaching observation reports, and personnel records generated by the college. The personal file will also contain copies of publications or other scholarly work submitted by the employee for consideration by the P&B. Sometimes the personal file will include one or more containers of books and other scholarly work. **No materials may be placed in the employee's personal personnel file until he/she has been given the opportunity to read the contents of such material and attach any comments he/she wishes.** Employees are strongly encouraged to examine their personal files each academic year. If an employee has questions about the presence of an item in his/her personal file, he/she should immediately contact the college Labor Designee.

Article 19.3 of the Agreement governs the administration file, and provides that it "shall contain only such materials requested by the unit of The City University or supplied by the employee in connection with the employee's employment, promotion or tenure." The Agreement further provides that the administration file "shall be available only to the committee and individuals responsible for the review and recommendation of the employee with respect to appointment, reappointment, promotion or tenure" — that is, the administration file shall *not* be available for review by the employee. The administration file generally contains such materials as confidential outside letters of recommendation sought by the department in connection with an employee's candidacy for appointment, reappointment with tenure, and promotion, as well as the chairperson's report. Not making such material available to the employee ensures outside evaluators' candor in their assessment of the employee's record.

Generally speaking, the P&B committee should not consider any materials outside of those contained in the employee's personal and administration files, as described above. If any member of the P&B committee becomes aware of any extraneous information or materials, such as a complaint about an employee not contained in the personnel file, he or she should immediately bring the matter to the attention of the department chairperson, who should contact the college's Labor Designee. The General Counsel's office is also available for consultation in connection with any such matter.

5. Communicating the P&B Committee's Action to the Candidate

Under Bylaw section 9.2, the action of a departmental P&B committee shall be communicated to the candidate by the department chairperson, and under Bylaw section 8.12, the action of the college P&B committee shall be communicated to the candidate by the President or his/her designee. In neither case should any reason be given for a negative recommendation. Although the Bylaws do not so require, it is preferable that the committees' action be communicated to the candidate *in writing* so that there is a written record of each committee's actions.

While the result of the committee's vote must be communicated to the candidate, the vote count itself should never be disclosed, either to the candidate or to others.

6. Conveying the P&B Committee's Recommendations

The affirmative recommendations of the departmental P&B committee are made to the college-wide P&B committee by the department chairperson, after consultation with the President, as to appointments, reappointments, and reappointments with tenure (Bylaw sections 9.7 and 9.8). Under Bylaw section 9.8 (Plan No. Two), no final action of a departmental committee with regard to promotions shall be taken without consultation with the President. Under Bylaw sections 9.7 and 9.8, a minority of the departmental P&B committee may submit a minority recommendation to the college-wide P&B committee. There is no provision for the submission of a majority report. The recommendations of the college P&B committee are submitted to the President (Bylaw section 8.12).

B. DEPARTMENT ELECTIONS OF CHAIRPERSONS AND P&B MEMBERS

1. Eligibility to Vote

All members of the instructional staff who have faculty rank³ as of the date of the election are eligible to vote for department chairpersons and department P&B committee members. All persons who are employed full-time on an annual salary basis in titles on the permanent instructional staff, except college laboratory technicians, have faculty rank. Generally, those with faculty rank are in tenure-bearing lines in the titles of professor, associate professor, and assistant professor. At some colleges with nursing programs, there are also faculty in the tenure-bearing title of instructor (nursing science), who also have faculty rank.

In order to cast a vote, a faculty rank member must be physically present at the P&B committee meeting. There is no proxy or absentee voting permitted.

Instructional staff with faculty status⁴ do not have the right to vote in departmental elections. This means professors, associate professors, and assistant professors are generally the only ones entitled to vote. Thus, instructors, lecturers, college laboratory technicians, higher education officer (HEO) series employees, substitutes, and visiting titles are not eligible to vote

³ Bylaw section 8.1 (“Definition of Faculty Rank”) provides:

The presidents, vice presidents, deans, associate and assistant deans, the business managers and all persons who are employed full-time on an annual salary basis in titles on the permanent instructional staff, except college laboratory technicians, shall have faculty rank. All persons having faculty rank shall have the right to vote both in the faculty of which they are members and in their respective departments provided, however, that they have not received notice of non-reappointment, or submitted a resignation. A person with faculty rank who is retiring shall retain his/her voting rights during his/her last year of service....

⁴ Bylaw section 8.2 (“Definition of Faculty Status”) provides:

Persons employed in the titles of instructor or lecturer (full-time) who have been reappointed on an annual salary basis for a third or later year of continuous full-time service shall have faculty status. All persons having faculty status shall have such voting rights as they are entitled, provided, however, that they have not received notice of non-reappointment, or submitted a resignation. A person with faculty status who is retiring shall retain his/her voting rights during his/her last year of service.

in elections for department chairpersons or department P&B committee members. Even certificated lecturers are not entitled to vote, unless your college has a bylaw waiver or a governance plan provision so providing.

Faculty members who are on leave of absence or on sabbatical retain their voting rights in their department elections. As with all other faculty, they must be physically present to vote. A faculty member who has submitted notification of retirement shall be eligible to vote prior to beginning Travia (retirement) leave.

Individuals in the following titles or with the following status are not eligible to vote:

- a faculty rank member (professorial title) who has received notice of non-reappointment;
- a faculty rank member (professorial title) who has submitted a resignation;
- a faculty rank member who is on Travia (retirement) leave (although such faculty member does retain the right to vote during the last year of actual service, prior to commencing the Travia leave);
- a college president, vice-president, dean, associate dean, or assistant dean (Executive Compensation Plan employees are disenfranchised by Section F.3 of the Terms and Conditions of Employment for the Executive Compensation Plan, which also states they shall not be figured in the calculation of the number of votes required to be elected).

2. Determination of Number of Votes Needed to be Elected
As Department Chairperson or Member of the Department P&B Committee

Elections of department chairpersons or members of department P&B committees are determined by a majority vote of all faculty rank members in the department. This means an affirmative vote of a majority of the whole number of faculty rank members, regardless of leaves of absence or abstentions. A majority is measured by one more than half of all department members holding faculty rank who are eligible to vote. However, faculty rank members who are in the Executive Compensation Plan should not be counted.

Voting should continue until someone is elected. If necessary, the elections meetings should be adjourned and continued at a subsequent date or time. Tie votes are resolved by action of the College President (Bylaw section 9.9).

Voting is conducted by secret ballot (Bylaw section 9.2).

Departmental elections are held during the first full week of May, and the winners take office on July 1st. The term of office is three years, and the elections should be on a staggered schedule over the three years. (Bylaw section 9.1(b).)

3. **Eligibility to Serve as Chairperson**

In order to be eligible to serve as department chairperson, one must be a tenured professor, associate professor, or assistant professor, except in departments less than seven years old. It is acceptable if the chairperson has been approved by the Board of Trustees for tenure effective the following September 1. (Bylaw section 9.1(b).)

4. **Eligibility to Serve as a Member of the Department Personnel and Budget Committee**

The department P&B committee is composed of five members, including the department chairperson. All five members, including the chairperson, must have faculty rank, if possible. Four of the members must be tenured, unless there are fewer than four tenured faculty members in the department. It is acceptable if the candidate has been approved by the Board of Trustees for faculty rank or tenure effective the following September 1. Therefore, all five members must have faculty rank, and four of the five must be tenured, unless there are insufficient numbers in the department. (Bylaw section 9.1(e).)

If the department has fewer than five faculty members with faculty rank, then department members with faculty status may be elected to serve on the department P&B committee. If the department does not have five members with faculty rank or faculty status, then the principle of having five faculty members on the department P&B committee should still be fulfilled. The remaining members may be elected from instructors or lecturers without faculty status. However, even if faculty status members, or members without faculty rank or status, are elected to serve on the departmental P&B, they are *not* eligible to vote in the elections. Only faculty rank members may vote in departmental elections. Eligibility to vote and eligibility to serve are different.

In the event that a department has fewer than four tenured faculty members, the college president, after consultation with the departmental faculty, shall appoint an ad hoc committee to make recommendations on tenure appointments in lieu of a departmental P&B committee (Bylaw section 9.1(e).)

If there are only five or fewer faculty rank members in a department or four or fewer tenured members, then those faculty rank and tenured members will automatically be placed on the P&B committee, but an election should still be held for the three-year term. If they do not receive a majority vote, they will serve anyway, but only until there are additional faculty rank or tenured members, in which case an election should be held for the remaining years of the term. This is consistent with the requirement that all five members have faculty rank and four have tenure, including the chairperson.

A faculty rank member who does not wish to serve is not required to serve on the department P&B committee, even if his or her failure to serve results in an insufficient number of faculty rank members to fill out the committee. The Bylaws provide for an election process, which implies that one must choose to run and serve. Since there is an element of voluntariness in this, a faculty rank member may not be required to serve. The declination to serve, however, should be in writing.

A department P&B committee member who takes a leave of absence or is on sabbatical leave may continue to serve as a member, unless the faculty member also takes a leave of absence from the committee. It would be advisable to ask department P&B members who apply for a leave of absence whether they intend to fulfill their duties on the department P&B committee while on a leave. If the college so desires, it may require as a condition of granting a permissible leave that the faculty member also agree to a leave of absence from committee membership, where it is reasonable to believe the faculty member will not be able to regularly attend P&B meetings (*e.g.*, out of town, illness, etc.). An interim member may then be elected.

Any member of a departmental P&B committee who receives notice of non-reappointment or who resigns loses his/her voting membership on the department P&B committee, and a new member should be elected as soon as possible to fill the unexpired portion of the term. Such faculty members, upon notification of non-reappointment or submission of a resignation, automatically lose their right to vote both in the faculty of which they are members and in their respective departments (Bylaw sections 8.1 and 8.2). Loss of voting rights in the department includes voting on departmental committees.

2017 - 2018 Tenure and Promotion Procedures

Tenure is one of the most important decisions the College makes with regard to members of its instructional staff. In decisions regarding granting tenure, careful consideration is given to the needs of the College—for both the near future and the long run—as well as to the qualifications of the individual candidate. Candidates for tenure are expected to demonstrate qualifications of superior merit.

These procedures apply to candidates considered for tenure as well as those considered for tenure with concurrent promotion (typically to Associate Professor). If a candidate for tenure is being considered with concurrent promotion, at each step of the process, separate votes are held for tenure and promotion.

These procedures are meant to be a framework permitting flexibility within which the various decision-making processes related to tenure and promotion are made. It is assumed at every stage in the process that decisions will be based upon extensive review of all pertinent information, consultation with appropriate persons, and sufficient deliberation so as to arrive at a just and appropriate determination. (Procedural items included in the CUNY Board of Trustees Bylaws, the Professional Staff Congress/CUNY Agreement, and the Statement of the Board of Higher Education on Academic Personnel Practice in CUNY have not been reproduced.)

Faculty Tenure and Tenure with Concurrent Promotion packets must be submitted in the following order in one complete PDF file on a USB drive and two (2) hard copies:

1. Department P&B vote memo
2. Divisional P&B vote memo
2. Candidate's Hunter format C.V.
3. Peer Observations (current and prior years)
4. Student Evaluations (current and prior years)
5. Chair's Report
6. Letters of concern (initialed)
7. Response to Letters of concern (if any)
8. Any other written guidance to the candidate
9. Annual Evaluations (current and prior years)
10. Outside External evaluators Letters (on letterhead)
11. External evaluators C.V.s
12. Dean's Running Notes (hard copy only)
13. Appointment letter (hard copy only) – signed by Chair and Dean
14. Personnel Action Form (PAF) (hard copy only), signed by Chair and Dean
15. [Green Forms](#) (Hard copy only) (For CLTs who are coming up for ONLY Promotion), signed by Chair

I. Consideration of Candidates by Departments

Consideration by departments should begin by **March 7, 2017**. The Department Personnel and Budget Committee shall consider all members of the department who are eligible for tenure: i.e., all persons for whom the next reappointment must be made with tenure. Consideration should begin no later than the spring of the candidate's 6th year. The Department Personnel and Budget shall also consider those eligible for early tenure under Board of Trustees Bylaws (i.e., early tenure is described in the Bylaws, "...when for a very substantial reason the college would be well served by such early grant of tenure..." and Hunter's Early Tenure Process). Candidates for early tenure can withdraw at any point in the process.

- a. **Preliminary Promotion Review for candidates for tenure with concurrent promotion.** The Department Personnel and Budget Committee shall conduct a preliminary review of all candidates for tenure with concurrent promotion and determine, by secret ballot, those candidates who are to be considered for concurrent promotion. All candidates should be notified within three (3) days of the results of this vote. Candidates who receive a negative decision may withdraw their candidacy for concurrent promotion at this time. Withdrawals must be submitted in writing to the Department Chair. Candidates who do not withdraw move forward to a full review by the Department P&B. The School Dean shall be notified in writing of these decisions.
- b. **Review Packet.** The candidate and Departmental Chair shall prepare a tenure (or tenure and promotion) review packet for outside evaluators. Minimally, the packet should include a curriculum vitae, publications and scholarly/creative work, and the candidate's statement about his/her research program and future plans. At the request of a candidate, in consultation with the department chair, a teaching statement and/or summary of student evaluations and other materials may be included.
- c. **External Letters.** Department Personnel and Budget Committee recommendations for tenure and promotion must be supported by recent outside evaluations (from persons not affiliated with Hunter College), in writing, concerning the candidate's professional achievement and promise. These external letters are confidential and must be maintained in the candidate's closed file. It is understood that the definition of professional achievement varies among the disciplines.

The Department Personnel and Budget Committee shall compile a list of outside evaluators from which ***at least four evaluators shall be obtained for candidates being considered only for tenure or for tenure and concurrent promotion to Associate Professor. At least six evaluations shall be obtained for candidates for tenure with concurrent promotion to Full Professor.*** Candidates shall be invited

to suggest names of appropriate persons. The final determination of outside evaluators, however, shall be the responsibility of the Department P&B Committee. Chairs are urged to discuss the proposed list of evaluators with their Deans. The final list of outside evaluators shall be submitted to the School Dean, indicating to the Dean which evaluators were suggested by the candidate and which evaluators were suggested by the Department P&B. This list is submitted for information only.

If the candidate is being considered for tenure with concurrent promotion, external evaluators must be told that the letters are to be used for both purposes and the evaluators must address both processes.

If the candidate is only being considered for tenure, outside evaluations already obtained in connection with a previous promotion consideration ***may be*** used for tenure if the letters were solicited explicitly for both purposes and if the tenure and promotion processes commence in any two consecutive academic years. Alternately, the department may solicit new letters for the tenure process.

The mandate for outside evaluations does not preclude additional supporting materials.

The School Personnel and Budget Committee shall ensure that consistent and rigorous standards are followed by departments in the procedures for outside evaluation.

Tenure (or tenure and promotion) review packets are to be sent to outside evaluators no sooner than May 1, 2017, with a return deadline no later than August 25, 2017.

Note: *Tenure (or tenure and promotion) review packets for candidates in Academic Year 2018-2019 should be sent to outside evaluators no sooner than May 1, 2018, with a return deadline no later than August 27, 2018.*

- d. ***Interview.*** An interview with the Department Personnel and Budget Committee is optional. It may be requested by the candidate or by the committee. The Department Chair shall advise each candidate, in writing, of her/his right to request an interview. Refusal of an interview by the candidate shall be made in writing. Such refusal shall not be prejudicial to the candidate. If a candidate wishes to be interviewed, s/he must be available for the interview in a reasonable timeframe given the demands and schedule of the Department P&B.
- e. ***Department Review and Vote.*** By **September 12, 2017**, the Department Personnel and Budget Committee shall review the complete record of all candidates, in accordance with Article 18 of the PSC/CUNY Agreement, as well as current and projected department needs. The complete record consists of: a curriculum vitae in Hunter College format, the tenure (or tenure and promotion) review packet, letters

from outside evaluators, peer and annual evaluations, observation reports, student evaluations and other appropriate materials.

If the candidate is being considered for tenure with concurrent promotion, the Department Personnel and Budget Committee shall hold two secret ballot votes: one to determine whether the candidate will be recommended for tenure, and one to determine whether the candidate will be recommended for promotion.

If the candidate is only being considered for tenure, the Department Personnel and Budget Committee shall vote by secret ballot to determine whether the candidate will be recommended for tenure.

- f. **Dean and Candidate Notification.** The recommendations of the Department P&B Committee and the tenure (or tenure and promotion) review packet, letters from outside evaluators, peer and annual evaluations, observation reports, student evaluations, the Chair's report for each candidate, and any other written guidance initialed by the candidate shall be **submitted to the School Dean by September 12, 2017**. The School of Social Work's recommendations shall also be submitted by **September 12, 2017** to the SSW Graduate Committee.

At the same time that the determination of the Department Personnel and Budget Committee is submitted to the School, the Chair shall notify all candidates, in writing, of the recommendation of the Department's P&B.

A candidate *not* recommended for tenure by the Department Personnel and Budget Committee shall be advised by the Chair that her/his non-recommendation will automatically go forward for consideration to the School Personnel and Budget Committee unless the candidate withdraws from consideration by giving timely written notice to the Department Chair or Dean. If a candidate wishes to resign, the department should notify the College's labor designee in a timely manner. ***Any such withdrawal from tenure consideration must include a resignation*** with an effective date not later than the end of the last year for which a reappointment has already been made. Withdrawal from tenure consideration will be irrevocable and permanent and shall not entitle the candidate to consideration in a later year.

A candidate *not* recommended for promotion by the Department Personnel and Budget Committee shall be promptly advised by the Chair of her/his non-recommendation. A candidate who is not recommended may withdraw his/her candidacy for promotion in writing to the Department chair. Candidates who do not withdraw move forward to review by Division or School.

II. Consideration of Candidates by Schools and Ancillary Units

Note: In the School of Arts and Sciences, the term School P&B refers to each of the three P&Bs representing the divisions comprising the School (i.e., Arts and Humanities;

Sciences and Mathematics, Social Sciences). In the Schools of the Health Professions, the School P&B refers to the Divisional-wide P&B.

- a. ***Interview.*** An interview before the School Personnel and Budget Committee is optional. It may be requested by the candidate or by the committee. The School Dean shall notify each candidate, in writing, of her/his right to request an interview. Refusal of an interview by the candidate shall be made in writing. Such refusal shall not be prejudicial to the candidate. If a candidate wishes to be interviewed, s/he must be available for the interview in a reasonable time-frame given the demands and schedule of the School P&B.
- b. ***School/Division Review and Vote.*** By **September 19, 2017**, the School Personnel and Budget Committee shall review the complete file of all candidates for tenure or tenure with concurrent promotion and vote on the submitted candidacies. In addition to the materials indicated above (in I.f.), at this stage, the complete file should include the Dean's written review.

If the candidate is being considered for tenure with concurrent promotion, the School Personnel and Budget Committee shall hold two secret ballot votes: one to determine whether the candidate will be recommended for tenure to the President and the Provost, and one to determine whether the candidate will be recommended for promotion to the President and the Provost.

If the candidate is only being considered for tenure, the School Personnel and Budget Committee shall by secret ballot determine candidates to be recommended for tenure to the President and the Provost.

- c. ***President and Provost Notification.*** The School Dean by **September 19, 2017**, submits to the President and Provost, in writing, the names of all candidates recommended for tenure or tenure and concurrent promotion and those not recommended for tenure and/or promotion. Two copies hardcopies and one USB drive of the entire tenure (or tenure and promotion) packages are submitted to the Provost's Office (with [materials submitted in the manner and order indicated above](#)). Candidates' publications are submitted to the Library Archives.

Candidates for tenure and concurrent promotion who are not recommended for promotion by the School P&B should be notified within three (3) business days, in writing, by their Deans. Candidates so notified may withdraw their candidacy for promotion at this time by written notification to the School Dean. Candidates who do not withdraw move forward to review by the Faculty Personnel and Budget Committee (FP&B).

III. Consideration of Candidates by the Faculty Personnel and Budget Committee (FP&B)

- a. **President's Report.** By **October 10, 2017**, the President shall present to the Faculty Personnel and Budget Committee the names of all candidates recommended for tenure or tenure and concurrent promotion and those not recommended for tenure and/or promotion by the School. The President shall charge the Appeals Committee of the FP&B (formerly the Tenure Appeals Committee) to review the cases of those not recommended for tenure ("appellants") and report to the FP&B within two weeks. The Appeals Subcommittee shall review the complete file of each appellant.
 - i. **Candidate Notification.** Upon distribution of the list of candidates for tenure and tenure with concurrent promotion to the Faculty Personnel and Budget Committee, the Department Chair shall promptly notify all candidates in her/his department, in writing, as to whether or not they have been recommended for tenure and/or promotion.

b. **Consideration by the FP&B Appeals Committee**

- i. **FP&B Appeals Committee Review and Report.** By **October 24, 2017** the FP&B Appeals Committee shall review the complete files of all candidates not recommended for tenure by the School and report their findings to the Faculty Personnel and Budget Committee.
- ii. **FP&B Vote.** The Faculty Personnel and Budget Committee shall determine by secret ballot whether or not to accept the candidacy of appellants for tenure.

The names of appellants whose candidacy is accepted by the Faculty Personnel and Budget Committee shall be added to the list of candidates to be considered for tenure.

Appellants whose candidacy is not accepted by the Faculty Personnel and Budget Committee shall promptly be notified by the President, in writing, of that action.

- iii. **Appeals.** After receipt of notification from the President, a candidate not recommended for tenure may appeal to the President by giving written notice of the appeal to the President within 10 days of receipt of notice of the College FP&B's decision not to consider the candidacy.

c. **FP&B Vote on Tenure and Tenure with Concurrent Promotion**

- i. **FP&B Review and Vote.** On **November 7th, 14th, 28th and (if necessary) December 1, 2017** the Faculty Personnel and Budget Committee shall review all candidates for tenure or tenure with concurrent promotion and shall vote on the submitted candidacies.

If the candidate is being considered for tenure with concurrent promotion, the Faculty Personnel and Budget Committee shall hold two secret ballot votes: one to determine whether to recommend that the candidate be forwarded by the President to the Board of Trustees for tenure, and one to determine whether to recommend that the candidate be forwarded by the President to the Board of Trustees for promotion.

If the candidate is only being considered for tenure, the Faculty Personnel and Budget Committee shall, by secret, vote to determine whether to recommend that the candidate be forwarded by the President to the Board of Trustees for tenure.

- ii. ***Candidate Notification.*** The Department Chair shall promptly notify in writing each candidate in her/his department of the FP&B's recommendation(s).

A candidate who has not been recommended for tenure and/or promotion by the Faculty Personnel and Budget Committee shall promptly be notified by the President, in writing, of that/those action(s).

- iii. ***Appeals.*** After receipt of notification from the President, candidates not recommended for tenure and/or promotion may appeal to the President by giving written notice of the appeal to the President within 10 days of receipt of notice of the College FP&B's decision not to recommend tenure and/or promotion.

IV. Consideration by the President

- a. ***The President's Review.*** The President shall review all candidates recommended by the FP&B for tenure or tenure and concurrent promotion. In accordance with established procedures, the President has the right not to forward candidates recommended by the FP&B for tenure and/or promotion to the Board of Trustees.
- b. ***Candidate Notification.*** The President shall promptly notify Department Chairs and School Deans, in writing, of the names of candidates she intends to forward to the Board of Trustees for tenure and/or promotion. Candidates will be promptly informed of the President's decision by their Department Chair or School Dean.

If the President decides not to forward a candidate's name to the Board of Trustees for tenure and/or promotion, the candidate must be notified by the President, in writing, of that decision.

- c. ***Appeals.*** If the President does not recommend a candidate for tenure and/or promotion, the candidate may appeal to the President for reconsideration, in writing, within 10 days of the date of the notice of the President's decision not to recommend tenure and/or promotion.

Note: Dates included in this document are intended as a guide and may vary. This document will be updated to reflect date changes, should they occur. The most up-to-date version of this document may be downloaded from the Provost's website at <http://www.hunter.cuny.edu/provost/reports-policies/procedures>.

The process for tenure and promotion for 2018-2019 will commence in the spring of 2018. The calendar for that process will be published in January 2018.

CAVEATS:

Despite some vagaries in the contract language pertaining to notice for employees in the HEO series titles, the Colleges are cautioned to make certain that notices of non-reappointment are

¹ A long-term adjunct is defined as one who has served as an adjunct in the same department of the college for not fewer than six consecutive semesters (exclusive of summer sessions) during the three year period immediately preceding the appointment. There is no break in adjunct service if substitute service intervenes; the substitute service bridges the adjunct service for purposes of calculating the six semesters, per section 14.d of 2007-10 MOA).

sent in time to be *received* prior to the above-referenced notification deadlines for employees in any of the Instructional Staff titles. The Colleges are further cautioned to make certain that they can *prove* that the notices were sent in a timely manner. Late notice or mis-delivered notice may result in a constructive reappointment. It, accordingly, may be advisable to send the notice by more than one method. (The Colleges are cautioned not to rely exclusively upon certified mail, return receipt requested, as employees may choose not to pick up certified mail, and not to plan on last minute personal service, as employees have been known to absent themselves just prior to notification deadlines.)

CUNY Distinguished Professor

Purpose

The title of Distinguished Professor is conferred on an individual by the University Board of Trustees in recognition of exceptional scholarly achievement. The purpose of these appointments is to recruit new faculty or retain existing faculty whose appointments enrich the University, especially when candidates require special incentives to influence their decision to accept an offer or to remain within the University. These appointments are expected to contribute to CUNY's commitment to recruit and retain an excellent faculty representing a rich diversity of gender and ethnicity.

CUNY Guidelines and Procedures

- Please see <http://www.cuny.edu/about/alumni-students-faculty/faculty/dp/guidelines.html> for CUNY nomination guidelines. There are no deadlines for the submission of DP candidate materials to CUNY. Nominations are accepted on a rolling basis.
- The number of CUNY DPs is limited to 175 under the terms of the collective bargaining agreement.
- CUNY requires that each college provides documentation of the processes used, up to the point of submission of the case from the College, including an account of the process by which external evaluators' letters were solicited.

Hunter Guidelines and Procedures

1. The Dean and Department Chair must discuss all prospective DP candidates with the Provost prior to the beginning of any candidate's consideration.
2. Once the Provost recommends proceeding with the nomination, the department may begin to assemble a portion of materials required for the DP nomination:
 - Candidate's CV (any academic format);
 - Candidate's research statement;
 - List of proposed external reviewers, including a short paragraph for each that establishes each evaluator as a widely recognized authority in the candidate's field who can provide an objective analysis of the candidate's qualifications. Which is based on list from DP applicant and Department P&B committee;
 - Original copies of the external letters of evaluation (CUNY requires at least 10 letters, Hunter usually includes 15-25);
 - CVs of the external letter writers;
 - Representative articles/books/creative works;

3. Candidates' nomination package for DP must be voted on by their departments' P&B, their school/division P&B, the FP&B subcommittee on DPs, and FP&B, and approved by the President of Hunter College.

If it is decided that Hunter College will nominate a faculty member, the Provost's Office works with the candidate and the candidate's chair to complete four (4) nomination packages with the following required materials and then forwards it to the CUNY Executive Vice Chancellor and Provost:

1. A letter of nomination by the President.
2. A letter of nomination by the Provost.
3. Department P&B, Divisional P&B, Sub-Committee on Distinguished Professorship and FP&B vote memos.
4. The candidate's CV.
5. The candidate's research statement.
6. A report from the candidate's department chair.
7. Documentation of the Hunter College approval process, including an account of the process by which external evaluator's letters were solicited.
8. A list of the external reviewers, including a short paragraph for each that establishes each evaluator as a widely recognized authority in the candidate's field who can provide an objective analysis of the candidate's qualifications
9. External letters of evaluation on letterhead (CUNY requires at least 10 letters; Hunter usually includes 15-25).
10. CVs of the external letter writers.
11. Representative articles/books/creative works.

Hunter College Process to Move Faculty Holding CCE to Tenured Professorial Lines

Doctoral Lecturers and Lecturers may earn a Certificate of Continuous Employment (CCE) based on their teaching and service to the college. They have no expectation of creative or scholarly productivity. Although Hunter is under no contractual or by-law obligation to offer promotion opportunities to persons holding a CCE, at times a CCE Lecturer/Doctoral Lecturer may compile a record of creative or scholarly output such that the college wishes to consider a promotion to a tenured professorial position at the Assistant, Associate, or (in truly exceptional cases) Full Professor level. The process for approving such a promotion shall mimic the standard promotion process, as outlined below:

1. To initiate the promotion process for a CCE faculty member, the department P&B must request and secure approval from the administration in writing. Absent such prior approval, no formal promotion/tenure action may begin. In granting the approval, the administration shall specify the rank to which the CCE faculty member shall be eligible for promotion. The administration may also initiate the process by asking the department to consider a CCE for tenure/promotion.
2. The administration will request a search waiver from CUNY, with an anticipated start date. The waiver is necessary because no vacancy in the professorial title will have been advertised.
3. Once the process is approved, the candidate shall be informed and invited to prepare a promotion packet, as with other tenure and promotion cases.
4. The department P&B shall solicit external reviews from the same minimum required number of referees as for standard tenure and promotion cases (e.g., at least four for tenure and promotion to Associate Professor).
5. When the department P&B receives the requisite letters, it shall vote by secret ballot on whether to recommend tenure and promotion. As always, these are separate ballots. The chair shall inform the candidate of the outcome of the vote, without revealing the vote count.
6. The chair will inform the dean of the P&B outcome. If the vote is favorable, the dean will schedule a divisional P&B vote, allowing adequate time for members to review the candidate's materials. (Note: if the process coincides with the regular tenure and promotion clock, the candidate will be considered in the same meetings as other candidates.) In the event of a negative department P&B vote, the dean will invite the candidate to appeal. If the candidate declines, the process terminates and the candidate continues in the CCE title.

7. The division shall interview the candidate and vote by separate secret ballots on tenure and promotion. The candidate must receive positive votes for both tenure and promotion to advance to FP&B. In the event of a negative recommendation for either or both, the candidate will be given the opportunity to appeal to the FP&B subcommittee on personnel actions. If the candidate declines, the process sends and the candidate remains in the CCE title.
8. The provost shall allow adequate time for the review of the candidate's materials before placing the tenure and promotion case the FP&B agenda. FP&B shall vote on its recommendation to the president.

Re: Adjunct Notification Letter – Reminder

As you know, our Collective Bargaining Agreement requires us to give adjuncts notice of whether or not they will be appointed for the following semester by May 1 (for adjuncts appointed on a semester-by-semester basis) or May 15 (for adjuncts required to be appointed on a full-year basis, as described below). **The PSC takes the position that if an adjunct teaching this semester (Spring 2016) does not receive a notice by May 1 or May 15 (as applicable) stating that s/he will not be appointed, the adjunct is entitled to an appointment for the Fall 2016 semester or 2016-17 academic year (as applicable) and to apply for unemployment.**

As a reminder, the PSC-CUNY Agreement entitles certain adjuncts to a full year appointment. More specifically,

- (1) If an adjunct has been appointed in your Department for both the fall and spring semesters during the **2013-14, 2014-15, and 2015-2016 academic years**, then the Department must notify the adjunct by May 15 that s/he either (a) will be appointed for the Fall 2015 and Spring 2016 semesters or (b) will not be appointed for the Fall 2015 semester.
- (2) All other adjuncts are appointed on a semester-by-semester basis. Such individuals must be notified of their appointment or non-appointment for the Fall 2015 semester by May 1.

Draft templates for the notice letters are attached for your convenience. Please use these templates for both teaching and non-teaching adjuncts. The PSC also now requires that appointment notices must include the employee's title and hourly rate of pay.

The three templates for notifying adjuncts of two semester (Fall and Spring) appointments are also attached.

- Template 1 should be used if the number of contact hours being offered to the adjunct for the following two semesters (Fall and Spring) is known by the contractual notification date, on or about May 15.
- Template 2 should be used where the number of contact hours to be assigned is not known at the time of the notification of reappointment. During the summer, as soon as the number of contact hours to be assigned for the following Fall and Spring semester is known, the college should provide that information to the adjunct, using Template 3.

Please be aware that this notification, which is required by PSC-CUNY Agreement, is separate and distinct from the procedures of the Adjunct Employment Management System.

Please feel free to contact me (ext. 14220) or Sandra Nunez (ext. 14098) or Galia Galansky (ext. 14511) if you have any questions.

Hunter Adjunct Absence Policies Memo

MEMO TO: Academic Chairs

FROM: Lisa Peterson, Legal Affairs

DATE: July 6, 2017

RE: Adjunct Absence Policy and Related Matters

This memo addresses the **Absence Policy** as it pertains to adjuncts, Paid Leave, and the relevant contractual terms controlling an adjunct's abandonment of his/her position.

Set forth below is the relevant information, including a link to the source of the information, provided to adjuncts:

Absences

You should make every possible effort to meet your class at the scheduled times. If you find it necessary to miss a class, inform the department office as early as possible and try to arrange for substitute coverage approved by the department chairperson or supervisor. Make-up classes are difficult to arrange because most students work and have little schedule flexibility to attend classes at other times. If for any reason you anticipate missing a class due to conferences, or other scheduled events that interfere with scheduled instruction time, please discuss this with your department chairperson or supervisor.

Paid Leave

You may be excused for one hour per session or semester for each hour you teach per week (equivalent to a period of 1/15 of the total number of clock hours in the particular session or semester), without loss of pay, for reasons of personal illness or personal emergency including religious observance, death in the immediate family or similar personal needs which cannot be postponed. Requests for such leave must be made in advance, when possible, and in writing. If it is not possible to make such a request in advance, the department chairperson or supervisor should be informed as soon as possible. The reason must be satisfactory to the chairperson or supervisor. Request in advance is not expected in cases of a death in the immediate family, but employees covered by this section are expected to give advance notice to their department chair or supervisor of the need for the leave. An immediate family member is defined as a spouse, domestic partner, parent, step-parent, father-in-law, mother-in-law, child, stepchild, sibling, grandparent or grandchild. Only the department chairperson or supervisor may authorize arrangements among colleagues to cover or reschedule classes and work assignments. <http://www.hunter.cuny.edu/hr/benefits/Adjuncts>

Here is some additional information to be aware of:

1. Adjuncts have no contractual right to receive allowable hours without loss of pay for absences other than those described above, such as an absence to attend a conference or similar type of event.²
2. Under no circumstances may an adjunct (or other faculty member) be asked to pay another adjunct/faculty member for covering his/her class AND under no circumstances may an adjunct (or other faculty member) pay another member for such coverage. This also means that there can be no “docking” of the pay of the “absent” adjunct for the purpose of paying the covering adjunct.

Abandonment of Position

Issues concerning an adjunct’s abandonment of position are governed by Article 9, Section 9.1, of the PSC-CUNY 2007-2010 Contract. Please see below:

When a non-tenured or non-certificated member of the instructional staff does not appear at the college to perform his/her duties and fails to receive an authorized leave of absence, the individual shall be considered to have abandoned his/her position, and the college shall have no further obligation to that individual under the following circumstances: for a full-time member of the instructional staff, such abandonment shall be deemed to have occurred after 10 consecutive days of absence, other than Saturdays, Sundays or legal holidays. **For an adjunct, such abandonment shall be deemed to have occurred after unauthorized absence from the first week of scheduled classes or other assigned duties** (emphasis added). In either case the college shall notify the staff member in writing by certified mail that abandonment of his/her position has occurred.

In any grievance filed pursuant to abandonment of a position based upon the above, the burden of proof shall be upon the adjunct to show that such person:

1. Taught assigned classes or performed his/her duties on the days at issue, or
2. Applied for and received a prior approved leave for the days at issue, or
3. Was unable to report for work or give notice because of an emergency which made it impossible to report for work or give notice.

Adjuncts may apply for travel funds for attendance at professional meetings and conferences under Article 28 (Travel Allowances) of the PSC/CUNY 2007-2010 Contract.

Adjunct Teaching Load Limitations

To: Departmental Chairs
From: Legal Affairs
Re: Adjunct teaching load limitations
Date: July 6, 2017

As discussed, please see the following regarding limitations on adjunct instructional staff workload.

1. Adjunct instructional workload during the fall and spring semesters is governed by Section 15.2 (a) of the PSC/CUNY collective bargaining agreement. Pursuant to this provision, adjunct teaching faculty (excluding Graduate Assistants) may not be assigned more than nine classroom contact hours per semester at one unit of the City University and one additional course of not more than six classroom contact hours during the same semester at another CUNY unit.
2. Please note that the workload limitation at the first unit is expressed only in terms of classroom contact hours, while the limitation at the second unit is expressed both in terms of the number of courses (one course) and the number of classroom contact hours (no more than six). Because a semester is, generally speaking, 15 weeks long, the workload limitation has been construed to be 135 (50-minute) periods of instruction at the first unit and 90 (50-minute) periods of instruction at the second unit.
3. During the winter semester, the limitation is 8 classroom contact hours, and these hours do not affect fall and spring limitations- they are a separate category of hours.
4. During the summer semester, adjunct titles are limited to 105 hours, except in departments with four credit courses for which a 120-hour assignment is permitted. Non-teaching adjuncts are limited to 175 hours during summer months. Adjuncts may combine teaching and non-teaching hours provided the total number of hours does not exceed the applicable teaching or non-teaching adjunct limit.
5. There is an exception to these limitations, known as “adjunct overloads”, which permit an adjunct to teach up to three additional classroom contact hours. HOWEVER, per a negotiated agreement, each college is limited to no more than **5 (five)** such overloads **for the entire college** each semester. They are intended for true emergencies and highly unusual circumstances.
6. Legal Affairs **does not have the authority to approve adjunct overloads**. Chairs requesting such overloads must receive approval for overloads from the relevant school dean **and** the provost. Once written (email is fine) approval is received from the dean and the provost, that written approval should be forwarded to Melissa Gonzalez (melissa.gonzalez@hunter.cuny.edu) in the Office of Legal Affairs, who will assist with and process the necessary paperwork.

Comprehensive Review Process for Three-year Adjunct Appointments

Hunter College, City University of New York

From the Office of Legal Affairs

[Adjuncts to whom this applies: Adjuncts who have taught at least 6 contact teaching hours (generally 2 classes) per semester within the same department of the college for the 10 most recent consecutive sessions (excluding summer) prior to effective date (for those being considered now, that means through Spring 2017) shall be considered for a 3 year appointment, subject to “comprehensive review and assessment” discussed below. Adjuncts shall be notified on or before May 15 concerning appointment or lack thereof. These three year appointments shall begin Fall 2017 and be available each fall through Fall 2020.]

1. As part of the Comprehensive Review Process at Hunter College, you should submit the following items to your Department Chair as hard copy or electronically, by April 3, 2017: (If the Department does not have a copy on file)

- a) A syllabus from a recent course section that you have taught. If the department uses a common syllabus for this course, a copy that includes your contact information and any notes is acceptable;
- b) A recent mid-term or final exam that you prepared for your students. If your department uses a common final exam, you should submit a mid-term exam that you prepared.
- c) You are welcome to submit an updated resume.

2.. If the department wants to conduct a teaching observation, you should work with your Department Chair to schedule and participate in a peer teaching observation, consistent with the terms of the contract, between March 6, and April 7, 2017, with a timely post-observation conference soon thereafter.

3. The post-observation conference will be recorded in memorandum form. You will receive and be asked to sign this memorandum, which will be placed in your personal file, and submit a rebuttal if you so choose.

4. The Department Executive Committee will review your personnel file including the post-observation conference memorandum and the syllabus and exam, and make a recommendation to the President.

5. You will receive a letter from the President or her designee by May 15, 2017, indicating one of these outcomes:

- a) You have been appointed for a three-year period as an adjunct member of the faculty.
- b) You have been appointed to a one-year appointment, with specific guidance regarding issues to be addressed before you may be considered for a three-year appointment.
- c) You have not been appointed as an adjunct to teach at Hunter College.

Tenure deliberations usually begin during the spring semester of the sixth year of continuous service in a tenure-bearing title. Reappointment with tenure is effective on the first day of September of the eighth year of continuous fulltime appointment in a tenure-bearing title. Early tenure may be considered if exceptional accomplishments in research, teaching, and service relative to the expectations for tenure are demonstrated.

This computer is for your use while you are employed by the college. In addition to the research start-up package, Hunter will reimburse you moving expenses for up to [\$ AMOUNT].

Under the PSC-CUNY contract, full-time faculty members in professorial ranks (assistant, associate, and full professor) have a 21-hour annual workload to be completed during the fall and spring semesters. You will receive your teaching assignment from the chair of your department each year. You will be eligible to receive 24 credit hours of reassigned time that will be scheduled with your chair. This reassigned time must be used within the first five years of your initial appointment and must be used before you receive tenure.

As is the case for all faculty appointment at Hunter College, this appointment is subject to the approval of the Board of Trustees of the City University of New York and financial ability. CUNY Memorandum: Appointment with Immediate Tenure

MEMORANDUM

March 11, 2013

To: The Presidents of the Colleges
The Dean of the CUNY School of Law
The Dean of the Macaulay Honors College
The Dean of the School of Journalism
The Dean of the School of Professional Studies
The Dean of the School of Public Health

From: Alexandra W. Logue, Executive Vice Chancellor and University Provost
Gloriana B. Waters, Vice Chancellor for Human Resources Management

Effective Monday, March 18, 2013, offers of appointment with immediate tenure that are made at the rank of Associate or Full Professor to individuals having previously earned tenure at an accredited institution will no longer need approval from the University Office of Academic Affairs. The CUNY colleges and schools are free to make these appointments in line with their own governance plans and as per Bylaw§6.2(2)b. These personnel actions continue to be subject to the approval of the CUNY Board of Trustees and therefore need to be entered into the Personnel Matters section of the Chancellor's University Report. Please note that appointments with immediate tenure at the rank of assistant professor, as well as at any rank in cases in which an individual has not previously earned tenure at another accredited institution, will continue to require approval of the University Office of Academic Affairs.

This action is an extension of the initial streamlining of approval processes for faculty actions announced in our joint memo of February 17, 2010, in which we stated that oversight of some faculty personnel actions was shifted from the Office of Human Resources Management to the Office of Academic Affairs; in some other cases the requirement for Central Office approval of faculty actions was rescinded.

The elimination of the requirement for review of offers of appointment with immediate tenure made at the ranks of Associate and Full Professor when the candidate has previously earned tenure at another accredited institution has been undertaken to decrease administrative burdens on the campuses and to simplify procedures. For further assistance on this matter, please contact Director Ekaterina Sukhanova or Manager Kenneth Norz in the Central Office of Academic Affairs.

Procedure When New Hire Hasn't Obtained a Doctorate Degree

CUNY Bylaw 6.2 e. Where an appointee begins his/her service after September thirtieth the tenure period shall not begin until the succeeding September first, and when an appointment is made during the month of September, the appointment shall date as of September first of that year for the purposes of tenure.

CUNY practice is that the person is initially hired as an Instructor.

- If the person receives the relevant degree and the college receives confirmation by September 30th, then the person is moved to the title of Assistant Professor, retroactively to August 26 and the college will change the salary step to that of an Assistant Professor, retroactive to that date.
- If the person receives the relevant degree and the college receives confirmation after September 30th, then the person is moved to the title of Assistant Professor only in the following Spring semester and begins his/her tenure clock in the subsequent September 1.

Note: Hiring the person initially in the Assistant Professor title, when s/he does not have a degree, is problematic in terms of salary.

For example: If the college hires this person as an Assistant Professor at, *e.g.*, the first step= \$47,340 (in 2017) and the person does not receive the degree by September 30th, s/he will have to be moved to the Instructor title and the salary would have to change/lower to the relevant step in the Instructor salary schedule (first step= \$43,503). This would mean adjustment of overpayment and recoupment. This should be clarified with the academic department and the hiree, prior to any offer.

Immigration Considerations When Advertising for New Hires

Please note that the information in this memo is valid as of August 2014, and is not intended as comprehensive legal guidance. Questions on this topic should be directed to Legal Affairs.

All offers of employment at Hunter College are subject to appropriate documentation being received by the Human Resources Department showing that the person to be hired is authorized to work in the United States. This memorandum summarizes Hunter's basic policies and procedures related to hiring nonresident aliens who do not yet have (and therefore need to obtain) such U.S. work authorization. As discussed below, the consequences of not following these procedures can be costly and could affect the ability of faculty members to retain their positions at Hunter. Again, if these procedures are not followed, faculty members may not only lose their positions at Hunter, but may lose their ability to remain in the United States. For that reason, we request that you read this memorandum carefully and make every effort to follow the procedures described herein.

For any questions about these matters or if you need any additional information, please contact Sandra Nuñez (sn302@hunter.cuny.edu) or Laura Hertzog (laura.hertzog@hunter.cuny.edu) in the Office of Legal Affairs: (212) 772-4220.

I. TEMPORARY NONIMMIGRANT VISAS

New hires who do not already have U.S. work authorization will typically be sponsored by Hunter College for a nonimmigrant, temporary work visa, such as an H-1B.

Who will Hunter sponsor for a nonimmigrant visa?

It is Hunter policy to sponsor **only** tenure track faculty members and, on occasion, CCE track lecturers for temporary nonimmigrant visas. Typically this involves an application for an H-1B visa, although in certain circumstances other types of visas may be appropriate. **Please note that legal affairs cannot grant approval for sponsorship. A chair who wishes to embark on the sponsorship process must receive written approval from the school dean and the provost (email is fine). Until that approval is provided to legal affairs, no action can be taken to begin the visa process.**

What if my department wishes to hire a nonresident alien for a non-tenure track or staff position?

Absent extraordinary circumstances, Hunter will **not** sponsor any other faculty or staff for a visa. Exceptions may be granted only via written approval from a Vice-President of the College based on demonstration by the chair to the VP of extraordinary justification. **No exceptions will be granted for part-time personnel.** Note that this policy is based in part on the fact that the standards for obtaining a visa and the procedures required are often more difficult for staff members other than faculty.

Who Pays?

As required by the relevant immigration regulations, Hunter will bear the legal fees and the standard filing fees for temporary nonimmigrant visa applications that it files on behalf of College faculty. This amounts to approximately \$3,000 of out-of-pocket expenses for the College per application. If the employee candidate needs to have the application expedited, the employee may be asked to bear the expedite fee, which is an additional \$1,225.

Can the department sponsor a non-tenure track position or staff position if the employee agrees to bear the costs?

NO. Immigration regulations mandate that the **employer only** pay the standard legal and filing fee costs of an H-1B visa. Any other arrangement would be illegal.

What if the faculty member already has an H-1B visa from another employer?

H-1B visas are employer-specific. This means that an H-1B visa from one employer does not permit the beneficiary to work for any other employer. Therefore Hunter will still need to file a new application for the faculty member. In addition, it is important that prospective faculty understand that an H-1B visa with Hunter means that they may **only** work for Hunter. In other words, such faculty members may not take on consulting or part-time assignments for other employers (which they may believe they can do pursuant to the CUNY multiple positions policy) in order to generate additional income.

Timing

Unfortunately, our immigration system is **very, very, very s-l-o-w** and **unpredictable**. This means that unless either the college or faculty member is going pay the extra fee to expedite an

application, nonimmigrant visa petitions can easily take upwards of 4 months to be adjudicated. For this reason, please contact Legal Affairs as soon as you learn that immigration assistance is required and have obtained the necessary approvals.

Counsel – Who actually prepares and files these applications

Since the petitions must be signed and submitted by the College as the employer, and since the College is making various legal representations therein to which it is legally bound, faculty will be required to work with Hunter’s designated immigration counsel for all visa applications. Hunter’s Office of Legal Affairs will work with immigration counsel and will serve as the liaison between the department and immigration counsel. Faculty and chairs must be aware that unless they respond promptly and completely to requests for information from counsel, the immigration process may be delayed or derailed.

I. PERMANENT RESIDENCY a/k/a “GREEN CARDS”

Why must the College eventually sponsor faculty for a Green Card?

Non-immigrant visas cannot be extended indefinitely. For example, absent very limited circumstances, the H-1B visa can be used only for up to 6 years. This means that if the faculty member has not secured lawful permanent residency status by the end of that period, he/she will have to leave the country. **If the faculty member worked for another employer under an H-1B visa, that time is counted against the 6 year total. Therefore, if a faculty member worked for another employer for 2 years under an H-1B, that employee has only 4 years remaining to work at Hunter in that visa status.**

Who will the College sponsor for a Green Card?

As with temporary visas, absent truly extraordinary circumstances, Hunter will not sponsor any faculty or staff other than tenure track faculty and CCE track lecturers for permanent residency. Exceptions may be granted only with approval by a Vice-President of the College based on demonstration of extraordinary justification. No exceptions will be granted for part-time personnel.

Timing – when does the College begin the Green Card process?

To take advantage of a specialized, easier (relatively speaking) and cheaper process that is available only to faculty at institutions of higher education, Hunter must begin preparing the first step of the process (known as PERM) **within 12 months of the date of the initial offer letter** sent to the faculty member (see more, below). The PERM itself must be filed within 18 months of the date of that offer letter.

Thus, sometime after the first semester of employment and before the 12-month anniversary of the offer letter, the department chair and the department P&B must determine whether the department wishes to ask the College to sponsor the faculty member for permanent residency. This is not a commitment to grant tenure, but it should not be undertaken lightly or without a high level of satisfaction with the candidate's performance to date. If the department determines that it wants to ask the College to sponsor a faculty member for permanent residency, the department should request approval from the Dean and the Provost and make sure those written approvals are passed on to the Office of Legal Affairs.

So why do I need to give any thought to the Green Card process *before* I even know whether I will be hiring someone who requires immigration assistance and before this person has even been sponsored for a nonimmigrant visa?

Once the time to sponsor a faculty member for permanent residency comes around, the advertisements that were placed long ago that led to him/her being hired become relevant for immigration purposes. This is because the somewhat easier and cheaper permanent residency sponsorship process referred to above, is **only** available to the College if certain immigration mandated advertising requirements are met when the department **first advertises** any given position.

What benefits does the department derive from following these immigration-mandated advertising requirements in the initial advertising phase?

If the advertisements that led to the faculty member's initial hiring were not immigration compliant, the department will have to take the following steps before it can sponsor a faculty member for a Green Card:

- re-advertise the position (which is not only expensive, but for obvious reasons, is usually very uncomfortable for both the faculty member and the department);
- convene another search committee;
- evaluate all applicants; and
- justify why the faculty member is "the most qualified" applicant (if, this is in fact the case)

What are these advertising requirements?

Surprisingly, the immigration-mandated advertising requirements for colleges are neither complicated nor overly burdensome – even if they do not always align with the “real world” needs. However, compared with the time, effort and costs associated with having to re-advertise and re-do the entire recruitment process, they are certainly worth following.

How do you make sure that your advertisements are immigration-compliant from the outset? The guidelines set forth below are intended to help. Additionally, it is **strongly** suggested that you run ads by our outside immigration counsel before they are placed, so as to be sure that all the necessary conditions are met.

i. Must advertisements be placed in any particular publication/s?

YES. In order to satisfy the Green Card sponsorship requirements, at least one advertisement must be placed in a “**national professional journal.**”

- The best example of such a journal is *The Chronicle of Higher Education*.
- This advertisement can be online or in print.
- There are some limitations imposed by immigration on what constitutes an acceptable journal. For example, the journal cannot be one for which membership of any organization is required in order to access the ad. It cannot be an ad that is password-protected in any way. And it cannot be placed in a journal that comprises only job listings without also offering substantive content. Because these do’s and don’ts are constantly evolving and changing, and because the consequences of an ad not qualifying can be so dire, we ask that if you decide to use a journal other than the Chronicle, that you run your choice by our outside immigration counsel before you place the ad. Simply contact Legal Affairs to be put in touch directly with our immigration counsel.

ii. Must we advertise anywhere else?

Other than placing an advertisement in a national professional journal, the regulations only require that you follow the standard CUNY and/or Hunter recruitment policy, and that you advertise wherever required by this policy. Dean John Rose can provide guidance on the CUNY procedures.

iii. Must any specific language be used in the advertisements?

YES. And this is typically where departments have run into difficulty. Case law over the years has served to highlight some pitfalls to be avoided as well as some language that should be

used. If any of the below seems unclear to you or you have questions about a draft ad, please contact legal affairs, who will assist you and/or connect you with our outside immigration counsel.

a) The advertisement must be “detailed enough to apprise applicants of the job opportunity.”

- Not every duty and responsibility must be enumerated. But there must be sufficient information to demonstrate a nexus between the advertisement and the position being sponsored. We ask that all ads clearly state the title and department. For example, “Chemistry Department seeks to hire Assistant Professor.” Please also include the field of specialty. For example, “to teach organic chemistry, general chemistry at the undergraduate and/or graduate level.”

b) State the minimum requirements for the position.¹

- This means that the advertisement must state clearly what level degree is required, AND what fields of study are acceptable. For example, “Ph.D. by time of hire in organic chemistry, chemistry or closely related field required” is fine.
- If you require teaching experience, please quantify the minimum length that you will accept. For example “one year teaching experience required” is fine. Simply stating “Teaching experience required” is not acceptable. If there is an acceptable kind of alternative experience in lieu of college-level teaching, please clearly specify the nature and length thereof. For example, “two years full-time college level teaching required. Employer will also accept one year college level teaching plus one year clinical experience.”
- Other requirements can be stated more generally, such as “strong record of scholarly productivity required” or “must have ability to obtain funding for research.”
- Please do not include statements such as “excellent teaching skills required” unless you plan to verify the existence thereof through the use of a model class, references, or some other way. In the past immigration has specifically required us to show proof of how the candidate was verified in this regard.

c) Give clear instructions on how to apply.

¹ Note that the beneficiary will ultimately have to prove to the satisfaction of USCIS that s/he meets each of the advertised minimum requirements as of the time they were hired, and **without taking into account any teaching experience gained at Hunter**, the sponsoring employer. So if you are advertising a position for which you already have a candidate in mind, remember that if you require one year of college-level experience and the only experience this individual has was gained at Hunter College, **for immigration purposes they do not qualify.**

- **It is not sufficient to simply direct applicants to go the CUNY website.** Either give an exact mailing address to send resumes, or if you wish to direct applicants to apply online, be sure to use the following text:

Applications must be submitted on-line by accessing the CUNY Portal on City University of New York job website (<http://www.cuny.edu/employment.html>) and following the CUNYfirst Job System Instructions. Current users of the site should access their established accounts; new users should follow the instructions to set up an account. To search for this vacancy, click on Search Job Listings, select More Options To Search For CUNY Jobs and enter the following Job Opening ID number _____. The required material, as stated on the CUNYfirst vacancy notice, for the application package must be uploaded as ONE file in .doc, .docx, .pdf, .rtf, or text format. Incomplete applications will not be considered.

d) Clearly state the employer's name.

- It may be obvious, but all ads must clearly state the name of the college.

e) If there is any chance that you might seek permission for a second line/hire two faculty members, please so state in the ad.

- We routinely encounter the situation in which a department finds two candidates that it wishes to hire, and then seeks a second line. In such case, if one of the candidates is already a U.S. citizen or permanent resident and the other is a nonresident alien, the College is precluded from sponsoring the nonresident alien for a Green Card **unless the advertisement specifically stated that multiple openings existed.** The reason for this is that in the eyes of USCIS, a sufficiently qualified US candidate was found to fill the position, thereby obviating the need to sponsor a nonresident. It is easy enough to avoid this problem by simply stating "Seeking Assistant Professorss" or "multiple openings."

Other than checking that the advertisement complies with these requirements, will I have to do anything else?

Before the College can begin the PERM process for any faculty member, the chair of the search committee who recommended the candidate must complete and submit to the Office of Legal Affairs both a Search Committee Report and a Statement of Hiring Official. Templates for these will be provided to you at the time of H-1B sponsorship and we **strongly suggest that you complete them at that time**, while the necessary information is still fresh and easily at hand. The Search Committee Report involves completing a chart that lists each and every applicant as well as the reason why the nonresident alien was "more qualified." We recognize that these

forms can be cumbersome, but they are mandated by Immigration and we will do our best to assist you in this regard. If you wait to complete these forms until months or a year after the initial hiring, it may be very difficult to reconstruct the necessary information.

Who pays for the Green Card process?

In short, the College pays for part of the process and the faculty member is required to pay for the balance. It is very, very important that prospective faculty be advised at the time of the offer that the college, while paying for the nonimmigrant visa, will **NOT** pay for 2/3 of the Green Card process (or about one half of the cost thereof). In addition, the college will pay for **NONE** of the cost of the Green Card process for family members. Faculty members must be willing and prepared to bear these costs when the time comes. In most cases, the Green Card process comprises three separate applications/petitions. In accordance with the immigration regulations, the College covers all costs associated with the first stage of this process, known as PERM. This typically runs about \$5,000 per application. Thereafter, the faculty member is required to pay for the remaining two steps in the process (I-140 Petition for Alien Worker and I-485 Application for Adjustment of Status), which together run to approximately an additional \$5,000. This does **not** include the cost of sponsoring family members.

In some instances, particularly accomplished faculty members may be able to by-pass the PERM and take advantage of a shorter process (EB-1). In such cases, the College will cover an amount equal to the standard process and the faculty member will be required to pay the balance.

To manage expectations, we suggest you consider explaining these policies and potential costs to new faculty members at this time they are offered employment.

Counsel

For both the PERM and the I-140, Hunter signs the petitions and files it with USCIS (listing the faculty member as the beneficiary). For that reason, the College requires that the faculty member must work with the College's designated immigration counsel. In contrast, the Adjustment of Status is purely a personal filing and does not require a Hunter signature. Accordingly, the faculty member is free to select his/her own counsel for this part of the process if s/he wishes to do so. Of course, the faculty member may also use Hunter's designated counsel for this purpose. In certain cases, the Adjustment of Status and the I-140 can be filed concurrently, which saves time and possibly, expense.

II. IN CONCLUSION

When in doubt, please ask. We recognized that immigration regulations are cumbersome and at times feel burdensome. Rest assured that the Legal Affairs office does its best to simplify the process as much as possible, but is constrained by regulations over which it has no control. The same is true of the College's outside immigration counsel. The process will be best served if we all work together and we are always available to you to answer any questions that you may have in this regard. And if needed, we will not hesitate to put you in touch directly with our outside immigration counsel.

FELLOWSHIP LEAVES SCHOLAR INCENTIVE AWARDS SPECIAL LEAVES OF ABSENCE WITHOUT PAY PARTIAL LEAVES WITH PARTIAL PAY PROFESSIONAL REASSIGNMENT LEAVES IN THE LIBRARY OTHER AUTHORIZED LEAVES OF ABSENCE WITHOUT PAY

1 FELLOWSHIP LEAVES

1.1 Purposes for Which Fellowship Leaves May Be Granted

Fellowship leaves may be granted for conducting research (including study and related travel), improvement of teaching, and/or production of creative works in literature or the arts.¹

1.2 Eligible Titles

The following titles are eligible for the award of a fellowship leave:

- Tenured Assistant Professor, tenured Associate Professor, and tenured Professor,
- Tenured College Laboratory Technician, tenured Senior College Laboratory Technician, and tenured Chief College Laboratory Technician,
- In the Hunter College Campus Schools, tenured Teacher, tenured Guidance Counselor, tenured Campus Schools College Laboratory Technician, and tenured Campus Schools Senior College Laboratory Technician,
- Tenured Assistant Medical Professor (Basic Sciences), tenured Associate Medical Professor (Basic Sciences), tenured Medical Professor (Basic Sciences), tenured Assistant Medical Professor (Clinical), tenured Associate Medical Professor (Clinical), and tenured Medical Professor (Clinical),
- Tenured Law School Assistant Professor, tenured Law School Associate Professor, tenured Law School Professor, tenured Law School Library Assistant Professor, tenured Law School Library Associate Professor, tenured Law School Library Professor, and
- Lecturers with a Certificate of Continuous Employment.

¹ In addition, employees in eligible titles who were appointed before July 1, 1965 may be awarded a fellowship leave for educational travel or restoration of health at 50% of the bi-weekly salary rate. A fellowship leave for restoration of health may be awarded to an eligible employee who was appointed before July 1, 1965 only after such employee has exhausted all available temporary disability leave.

1.3 Eligibility Criteria

In order to be eligible for consideration for a fellowship leave, the individual must be in an eligible title and be tenured or have a Certificate of Continuous Employment. Untenured individuals in professorial titles who are on leave from the Lecturer title in which they have a Certificate of Continuous Employment are also eligible to apply.²

In addition, the individual must have six years of continuous paid full-time service with the University exclusive of fellowship leaves and most other leaves.³ Full-time service in an eligible title prior to achieving tenure, including contiguous substitute service, counts as service towards a fellowship leave.⁴ A fellowship leave breaks service toward another fellowship leave.

At the expiration of a fellowship leave, the individual must accumulate another six years of continuous paid full-time service before being again eligible for a fellowship leave. A leave without pay or a Scholar Incentive Award acts as a bridge, that is, continuous paid full-time service before and after these leaves may be aggregated to achieve the required six years of service.⁵

1.4 Types of Fellowship Leaves

There are three types of fellowship leaves:

- A full year leave at 80% of the bi-weekly salary rate,
- A one-half year leave at 80% of the bi-weekly salary rate, and
- A one-half year leave at full pay.⁶

A full-year fellowship leave may be for the fall and succeeding spring semester or for the spring and succeeding fall semester. In addition, the University has permitted a full year fellowship leave to be taken with one semester intervening between halves of the leave, for example, on successive fall semesters or on successive spring semesters, when such an arrangement is determined to be mutually advantageous to the fellowship leave recipient and the college.

² If an untenured faculty member on leave from the Lecturer title with a Certificate of Continuous Employment is granted a one-half year fellowship leave at full pay, the leave counts toward the period of time necessary to achieve tenure. The period of all other fellowship leaves acts, for tenure purposes, as a bridge linking full years of service creditable towards tenure before and after the fellowship leave.

³ Temporary Disability Leave at full pay and other full pay leaves will be counted as service.

⁴ Service in a school or college maintained in whole or in part with City funds immediately preceding service in CUNY also counts as service, up to a maximum of three years.

⁵ For purposes of counting full years of service towards a Fellowship Leave, full-time service is counted by semesters. Thus, for example, active full-time service in a fall semester followed by active full-time service in a spring semester or active service in a spring semester followed by service in a fall semester will count as a year of service. This is true even if there is a break in active full-time service between semesters.

⁶ There is an expectation that there will be at least one one-half year leave at full pay every other year at each college.

1.5 Review and Approval

A University application is submitted to the Department Personnel and Budget committee, or its equivalent. On the application, the faculty member sets forth his/her plan of work for the period of the fellowship leave.

If the Department Personnel and Budget Committee approves, the application is sent to the College-wide Personnel and Budget Committee. If that Committee approves, the application is forwarded to the President. The Committee endorsement includes the representation that the work of the department can be carried out effectively during the period of the leave and that the applicant's work while on the leave is consonant with the principles of the fellowship leave. Upon receiving the College-wide Committee's endorsement, the President makes his/her own recommendation to the Board of Trustees via the Chancellor's University Report for its approval. The President may confer with Vice Presidents, Deans, or other campus executives before making a recommendation. Before the fellowship leave is forwarded to the Board of Trustees for approval, the College's Office of Human Resources, or other appropriate college office, should review the application to ensure that it is consonant with applicable rules and procedures.

1.6 Early Termination of a Full-Year Fellowship Leave

The staff member may terminate a full-year fellowship leave after one semester upon written notice to the President. Such notice is required by October 30 to cancel the leave for the subsequent spring semester and March 30 to cancel the leave for the subsequent fall semester. This termination relieves the University of any obligation to further claims for the second half of the leave. The staff member will be eligible for another fellowship leave after six years of service following the termination of the leave.

1.7 Post-Fellowship Leave Requirements

1.7.1 Return to Active Service for One Year

When applying for a fellowship leave, the staff member commits to return to active service in the University for at least one (1) year following the end of the leave,⁷ unless the Board of Trustees expressly waives this requirement. Waivers of this return-to-service requirement must be reviewed and approved by the Office of Human Resources Management before submission to the Board of Trustees for approval via an entry on the Chancellor's University Report Addendum. Waivers have been granted when the return to service would be impossible or very difficult, usually due to personal illness. Waivers have also been granted to permit a fellowship leave recipient to participate in an Early Retirement Incentive authorized by statute.

⁷ Travia Leave is counted as service for this purpose.

1.7.2 Post-Fellowship Leave Report

Within 30 days of the expiration of the fellowship leave, the staff must submit a written report to the Department Chair on the recipient's activities during the fellowship leave.

1.8 Creditable Service for Retirement

The University will request the appropriate retirement system to credit the period of the fellowship leave as service for retirement purposes.⁸ The period of the fellowship leave shall be credited for increment purposes.

1.9 Calendar

Fellowship Leaves conform to the following schedule.

- Leave for the Full Academic Year: The leave begins on the third day, excluding Saturday and Sunday, preceding August 30 and ends on the day before the beginning of the following Fall semester (that is, the leave ends at the close of business on the fourth day preceding the following August 30, excluding Saturday and Sunday.)
- Leave for the Fall semester: The leave begins on the third day, excluding Saturday and Sunday, preceding August 30 and ends on January 31 or the day before the first day of classes of the spring semester (whichever is earlier).
- Leave for the Spring semester: The leave begins on February 1 or the first day of classes in the Spring semester (whichever is earlier) and ends on June 30.

1.10 Summer Compensation

Faculty members who have the summer annual leave period prescribed by Article 14.1 (teaching faculty) or Article 14.3 c) (faculty in counselor titles) of the PSC/CUNY collective bargaining agreement will be compensated for the months of July and August as follows:

A full year leave at 80% of the bi-weekly salary rate: The months of July and August (up to the commencement of the subsequent fall semester) will be paid at 80% of the bi-weekly salary rate.⁹

⁸ Service credit does not apply to members of the Optional Retirement Program (TIAA-CREF).

⁹ If the full year fellowship leave at 80% of the bi-weekly salary rate is taken in successive fall semesters, the month of July following each academic year in which a semester of the leave was taken will be paid at 100% of the bi-weekly rate, while the two months of August will be paid at 80% of the bi-weekly rate (up to the commencement of the fall semester following the second academic year in which the leave was taken). If the full year fellowship leave at 80% of the bi-weekly salary rate is taken in successive spring semesters, the month of July following each academic year in which a semester of the leave was taken will be paid at 80% of the bi-weekly rate, while the two months of August will be paid at 100% of the bi-weekly rate (up to the commencement of the fall semester).

A one-half year leave at 80% of the bi-weekly salary rate: If the fellowship leave was taken in the fall semester and the faculty member returned to active service for the spring semester, the faculty member will be paid at 100% of the bi-weekly salary rate for the month of July and at 80% of the bi-weekly rate for the month of August (up to the commencement of the subsequent fall semester). If the faculty member was in active service in the fall semester and took the fellowship leave in the spring semester, the faculty member will be paid at 80% of the bi-weekly salary rate for the month of July and at 100% of the bi-weekly salary rate for the month of August (up to the commencement of the subsequent fall semester).

A one-half year leave at full pay: If the leave was taken in either semester and the faculty member was in active service in the other semester, both July and August will be paid at 100% of the bi-weekly salary rate.

1.11 Fellowship Leaves and Summer Employment

For the purposes of the Board of Trustees' "Statement of Policy on Multiple Positions," fellowship leaves cover periods within the boundaries of the academic year, and do not include the period of annual leave of teaching faculty, as defined in the PSC/CUNY collective bargaining agreement.¹⁰

2 SCHOLAR INCENTIVE AWARDS¹¹

2.1 Purpose for which Scholar Incentive Awards May Be Granted

The purpose of Scholar Incentive Awards is to facilitate bona fide and documented scholarly research. Applications that reflect other purposes, such as meeting degree requirements, service outside the University, or other professional, career or personal reasons, shall not be considered for these Awards.

2.2 Eligible Titles

In order to be eligible for consideration for a Scholarship Incentive Award, the individual must be a full-time instructional staff member in one of the following titles: Professor, Associate Professor, Assistant Professor, Instructor, Lecturer, University Professor, Distinguished Professor, Assistant Medical Professor (Basic Sciences), Associate Medical Professor (Basic Sciences), Medical Professor (Basic Sciences), Assistant Medical Professor (Clinical), Associate Medical Professor (Clinical), and Medical Professor (Clinical).

2.3 Eligibility Criteria

In addition to appointment to an eligible title, the individual must have completed not less than one full year of continuous paid full-time service with the University before becoming

¹⁰ Library instructional staff do not accrue annual leave during the period of the fellowship leave.

¹¹ Scholar Incentive Awards are authorized pursuant to Article 25.5 of the PSC/CUNY collective bargaining agreement.

eligible for a Scholar Incentive Award. An individual shall be eligible for a subsequent Scholar Incentive Award after six (6) years of creditable service with the University since the completion of the last Scholar Incentive Award.¹² A Scholar Incentive Award may not be held concurrently with a Fellowship Leave.

2.4 Duration of Scholar Incentive Award

A Scholar Incentive Award shall be for not less than one semester nor more than one year in duration.

2.5 Review and Approval

A University application is submitted to the Department Personnel and Budget committee, or its equivalent. On the application, the faculty member sets forth his/her plan of work for the period of the Scholar Incentive Award.

If the Department Personnel and Budget Committee approves, the application is sent to the College-wide Personnel and Budget Committee. If that Committee approves, the application is forwarded to the President. The Committee endorsement includes the representation that the work of the department can be carried out effectively during the period of the leave and that the applicant's work while on the leave is consonant with the principles of the Scholar Incentive Award. Upon receiving the College-wide Committee's endorsement, the President makes his/her own recommendation to the Board of Trustees via the Chancellor's University Report for its approval. The President may confer with Vice Presidents, Deans, or other campus executives before making a recommendation. Before the Scholar Incentive Award is forwarded to the Board of Trustees for approval, the College's Office of Human Resources, or other appropriate college office, should review the application to ensure that it is consonant with applicable rules and procedures.

2.6 Creditable Service

If a Scholar Incentive Award is immediately preceded by full-time continuous service creditable for tenure or a Certificate of Continuous Employment or Fellowship Award and immediately followed by such full-time continuous service, the period of creditable service immediately preceding the Scholar Incentive Award shall be counted in computing the years of service required for the granting of tenure, Certificate of Continuous Employment or eligibility for a Fellowship Leave.

2.7 Calendar

Scholar Incentive Awards conform to the following schedule.

¹² For purposes of counting full years of service towards a Scholar Incentive Award, full-time service is counted by semesters. Thus, for example, active full-time service in a fall semester followed by active full-time service in a spring semester or active service in a spring semester followed by service in a fall semester will count as a year of service. This is true even if there is a break in active full-time service between semesters.

- Leave for the Full Academic Year: The leave begins on the third day, excluding Saturday and Sunday, preceding August 30 and ends on the day before the beginning of the following Fall semester (that is, the leave ends at the close of business on the fourth day preceding the following August 30, excluding Saturday and Sunday).
- Leave for the Fall semester: The leave begins on the third day, excluding Saturday and Sunday, preceding August 30 and ends on January 31 or the day before the first day of classes of the spring semester (whichever is earlier).
- Leave for the Spring semester: The leave begins on February 1 or the first day of classes in the Spring semester (whichever is earlier) and ends on June 30.

2.8 Compensation

An individual may be compensated by the University for up to 25% of the annual salary rate. The total amount of money earnable with outside support and University salary may not exceed 100% of the annual salary rate that the person would have received without the leave. The amount of compensation by the University may be less than 25% if the amount of any outside fellowship and grant support received would result in earnings above 100% of salary.

Faculty members who have the summer annual leave period prescribed by Article 14.1 (teaching faculty) or Article 14.3 c) (faculty in counselor titles) of the PSC/CUNY collective bargaining agreement will be compensated for the months of July and August as follows:

- Full Year Scholar Incentive Award: If the Scholar Incentive Award was taken for the entire academic year, the months of July and August (up to the commencement of the subsequent fall semester) will be paid at the same percentage of the bi-weekly rate as the University paid during the Scholar Incentive Award.
- Scholar Incentive Award for One Semester: If the Scholar Incentive Award was taken in the fall semester and the faculty member returned to active service for the spring semester, the faculty member will be paid at 100% of the bi-weekly salary rate for the month of July and at the same percentage of the bi-weekly rate as the University paid during the Scholar Incentive Award for the month of August (up to the commencement of the subsequent fall semester). If the faculty member was in active service in the fall semester and took the Scholar Incentive Award in the spring semester, the faculty member will be paid at the same percentage of the bi-weekly rate as the University paid during the Scholar Incentive Award for the month of July and at 100% of the bi-weekly salary rate for the month of August (up to the commencement of the subsequent fall semester).

3 SPECIAL LEAVES OF ABSENCE WITHOUT PAY¹³

3.1 Purpose

Special leaves of absence without pay may be requested for study, writing, research, a creative project, or public service of reasonable duration.¹⁴ The colleges are encouraged to consult with the Office of Academic Affairs should there be any questions concerning the purpose for which a particular leave is being requested.

3.2 Eligible Titles

Tenured faculty, tenured instructional staff in the College Laboratory Technician (CLT) series and in the Registrar series, and Lecturers with a Certificate of Continuous Employment are eligible for special leaves of absence without pay.¹⁵

3.3 Types of Special Leaves of Absence Without Pay

Special Leaves of Absence Without Pay are characterized as follows:

- a) Special Leave with Increment Credit, with Retirement Credit
- b) Special Leave with Increment Credit, without Retirement Credit
- c) Special Leave without Increment Credit, with Retirement Credit
- d) Special Leave without Increment Credit, without Retirement Credit

Retirement service credit does not apply to employees in the Optional Retirement Program (TIAA/CREF), which bases the retirement benefit on annual contributions rather than on years of service. In limited circumstances, retirement service credit for the period of a special leave without pay or an authorized leave without pay may be recommended to TRS or ERS. The recommendation to the pension system is advisory only and is generally limited to employees in Tier I or, to a lesser extent, in Tier II of TRS or ERS.

As a general rule, no increment credit should be awarded for special leaves without pay or authorized leaves without pay of one year or longer. The president may, however, recommend such credit, subject to approval by the Board of Trustees, if the leave is being taken for a project of academic, scholarly or public importance that brings honor and recognition to the college.¹⁶

3.4 Duration

Generally, special leaves of absence without pay are granted for a full academic year,

¹³ While the faculty member is in unpaid status, he/she is not eligible for University-paid health insurance and must file appropriate COBRA forms to continue coverage.

¹⁴ Section 13.3.b. of the *Bylaws of the Board of Trustees*.

¹⁵ On occasion, special leaves may be granted to untenured faculty and CLTs, and uncertificated Lecturers.

¹⁶ *Bylaws*, Section 13.3.b.

although leaves for one semester may be granted. The President may approve a leave through a second consecutive year. However, a special leave of absence without pay for a third consecutive year requires the Chancellor's express approval. An application for a special leave beyond two consecutive years must be submitted to the Office of Academic Affairs for approval.

3.5 Review Procedures

A University application is submitted to the Department Personnel and Budget committee, or its equivalent. The applicant fills out the first part of the form, explaining in detail the purpose for which the leave is requested and signing an acknowledgement of the terms on which the leave would be granted. The chairperson of the department completes the second part of the form, indicating how the department will arrange for academic work to be done during the faculty member's leave and attesting to the positive recommendation of the Department Personnel & Budget Committee. The Chair of the College-wide Personnel & Budget Committee completes the third part of the form, attesting to that committee's approval of the leave and stating whether retirement and increment credit should be recommended. Finally, the President, or the President's designee, signs the application to indicate his/her approval. The President may confer with Vice Presidents, Deans, or other campus executives before making a recommendation. Approval by the Chancellor is required only for applications for a third consecutive special leave of absence without pay or a third consecutive partial leave with partial pay.

All special leaves of absence without pay are subject to approval by the Board of Trustees via the Chancellor's University Report. The colleges are responsible for ensuring that the leaves that they approve are submitted to the Board of Trustees for approval via the Chancellor's University Report and are in accord with University policy and practices.

3.6 Effect on Service Credit Toward Tenure or a Certificate of Continuous Employment

A special leave of absence without pay represents a break in service towards the achievement of tenure or a Certificate of Continuous Employment (for a lecturer).

3.7 Calendar

Special leaves of absence without pay conform to the following schedule.

- Leave for the Full Academic Year: The leave begins on the third day, excluding Saturday and Sunday, preceding August 30 and ends on the day before the beginning of the following Fall semester (that is, the leave ends at the close of business on the fourth day preceding the following August 30, excluding Saturday and Sunday).
- Leave for the Fall semester: The leave begins on the third day, excluding Saturday and Sunday, preceding August 30 and ends on January 31 or the day before the first

day of classes of the spring semester (whichever is earlier).

- Leave for the Spring semester: The leave begins on February 1 or the first day of classes in the Spring semester (whichever is earlier) and ends on June 30.

3.8 Summer Compensation

Faculty members who have the summer annual leave period prescribed by Article 14.1 (teaching faculty) or Article 14.3 c) (faculty in counselor titles) of the PSC/CUNY collective bargaining agreement will be compensated during the months of July and August as follows:

A full year special leave of absence without pay: The months of July and August (up to the commencement of the subsequent fall semester) will be unpaid. While the faculty member is in unpaid status, he/she is not eligible for University-paid health insurance and must file appropriate COBRA forms to continue coverage.

A one-half year special leave of absence without pay: If the special leave of absence without pay was taken during one semester and the faculty member provided active service in the other semester, the faculty member will be paid during the months of July and August (up to the date of the commencement of the subsequent fall semester) at 50% of the bi-weekly salary rate, thereby retaining health insurance coverage for both months.

4 Partial Leaves with Partial Pay

4.1 Purposes

Partial leaves with partial pay are granted for special projects, such as writing a book, when the leave would be to the mutual benefit of both the faculty member and the college. It is expected that partial leaves of absence with partial pay will be granted in rare and unusual circumstances, *i.e.*, infrequently. A partial leave with partial pay releases a faculty member from a percentage of his/her teaching responsibilities, with a corresponding reduction in salary, but does not relieve the faculty member of any other responsibilities.

4.2 Eligible Titles

Faculty in the following titles with teaching workloads¹⁷ are eligible for a partial leave with partial pay:

- Assistant Professor, Associate Professor, and Professor,
- Assistant Medical Professor (Basic Sciences), Associate Medical Professor

¹⁷ Since the partial leave with partial pay involves a reduction in teaching workload, faculty assigned as counselors or as librarians are not eligible for partial leaves with partial pay.

- (BasicSciences), Medical Professor (Basic Sciences), Assistant Medical Professor (Clinical), Associate Medical Professor (Clinical), and Medical Professor (Clinical),
- Law School Assistant Professor, Law School Associate Professor, Law School Professor, Law School Library Assistant Professor, Law School Library Associate Professor, Law School Library Professor,
 - Lecturers, and
 - Instructors.

Tenure is not required.

4.3 Duration

Generally, partial leaves with partial pay are granted for a full academic year, although leaves for one semester may be granted. The president may approve a leave through a second consecutive academic year, but a third consecutive year would require the prior approval of the Chancellor. An application for a partial leave with partial pay beyond two consecutive years must be submitted to the Office of Academic Affairs for approval before it is entered on the Chancellor's University Report.

4.4 Review Procedures

A University application is submitted to the Department Personnel and Budget committee, or its equivalent. The applicant fills out the first part of the form, explaining in detail the purpose for which the leave is requested and signing an acknowledgement of the terms on which the leave would be granted. The chairperson of the department completes the second part of the form, indicating how the department will arrange for academic work to be done during the faculty member's leave and attesting to the positive recommendation of the Department Personnel & Budget Committee. The Chair of the College-wide Personnel & Budget Committee completes the third part of the form, attesting to that committee's approval of the leave. Finally, the President, or the President's designee, signs the application to indicate his/her approval. The President may confer with Vice Presidents, Deans or other campus executives before making a recommendation. Approval by the Chancellor is required only for applications for a third consecutive partial leave with partial pay.

All partial leaves of absence with partial pay are subject to approval by the Board of Trustees via the Chancellor's University Report. The colleges are responsible for ensuring that the leaves that they approve are submitted to the Board of Trustees for approval via the Chancellor's University Report and are in accord with University policy and practices.

4.5 Effect on Service Credit Toward Tenure, a Certificate of Continuous Employment, or a 13.3.b. Appointment

A partial leave with partial pay represents a break in service towards tenure or a Certificate of Continuous Employment (for a lecturer). An instructor who receives a partial leave with partial pay is still limited to five appointments in the title and will not be eligible for a Certificate of Continuous Employment pursuant to Section 12.6 of the PSC/CUNY collective bargaining agreement.

4.6 Calendar

Partial Leaves of Absence with Partial Pay conform to the following schedule.

- Leave for the Full Academic Year: The leave begins on the third day, excluding Saturday and Sunday, preceding August 30 and ends on the day before the beginning of the following Fall semester (that is, the leave ends at the close of business on the fourth day preceding the following August 30, excluding Saturday and Sunday).
- Leave for the Fall semester: The leave begins on the third day, excluding Saturday and Sunday, preceding August 30 and ends on January 31 or the day before the first day of classes of the spring semester (whichever is earlier).
- Leave for the Spring semester: The leave begins on February 1 or the first day of classes in the Spring semester (whichever is earlier) and ends on June 30.

4.7 Retirement Credit and Increment Credit

4.7.1 Retirement Credit

Retirement service credit does not apply to employees in the Optional Retirement Program (TIAA/CREF), which bases the retirement benefit on annual contributions rather than on years of service. Retirement service credit for a partial leave with partial pay is determined by the particular retirement system, *i.e.*, New York City Teachers Retirement System (TRS) or New York City Employees Retirement System (ERS).

4.7.2 Increment Credit

Faculty on partial leaves with partial pay receive increment credit.

4.8 Compensation

A faculty member who takes a partial leave of absence with partial pay will have his/her bi-weekly salary rate reduced by the same percentage as his/her teaching workload is reduced during the period of the leave. For example, a faculty member who would ordinarily have taught 12 classroom contact hours during the fall semester, but who is only teaching 6 classroom contact hours pursuant to a partial leave of absence without pay, would be compensated at 50% of the bi-weekly rate during that semester. Faculty members who have the summer annual leave period prescribed by Article 14.1 (teaching

faculty) or Article 14.3 c) (faculty in counselor titles) of the PSC/CUNY collective bargaining agreement will be compensated for the months of July and August as follows:

- Full Year Partial Leave with Partial Pay: If the partial leave with partial pay was taken for the entire academic year, the months of July and August (up to the commencement of the subsequent fall semester) will be paid at the same percentage of the bi-weekly rate as the University paid during the partial leave with partial pay.
- Partial Leave With Partial Pay for One Semester: If the partial leave with partial pay was taken in the fall semester and the faculty member returned to active service for the spring semester, the faculty member will be paid at 100% of the bi-weekly salary rate for the month of July and at the same percentage of the bi-weekly rate as the University paid during the partial leave with partial pay for the month of August (up to the commencement of the subsequent fall semester). If the faculty member was in active service in the fall semester and took the partial leave with partial pay in the spring semester, the faculty member will be paid at the same percentage of the bi-weekly rate as the University paid during the partial leave with partial pay for the month of July and at 100% of the bi-weekly salary rate for the month of August (up to the commencement of the subsequent fall semester).

5 PROFESSIONAL REASSIGNMENT LEAVES IN THE LIBRARIES

5.1 Purposes

Professional reassignment leaves are granted to members of the instructional staff who serve in the libraries to permit them to engage in research, scholarly writing, and other recognized professional activities that enhance their contribution to the University. There is a goal of 50 such leaves University-wide during each year (September 1 through August 31).

5.2 Eligibility

Only members of the instructional staff who serve in the libraries are eligible for these leaves.

5.3 Duration

The professional reassignment leave is not to exceed five weeks, which need not be consecutive.

5.4 Review Procedures

A University application is submitted to the Department Personnel and Budget committee, or its equivalent. Professional reassignment leaves are subject to approval by the personnel and budget committee of the library and appropriate college-wide committees¹⁸

¹⁸ Pursuant to the *Mbugua Arbitration*, approval by the President is not required.

and must be submitted to the Board of Trustees for approval via the Chancellor's University Report.

5.5 Compensation

During the period of the professional reassignment leave, the instructional staff member is paid at 100% of the bi-weekly salary rate.

6 Other Authorized Leaves Without Pay

6.1 Purposes

These are extraordinary leaves, which should be very rare and only recommended by the President for valid purposes that are not covered by other leave categories. As in the case of special leaves of absence without pay, they may not be taken to assume a tenure track position or an administrative position at another institution of higher learning.

6.2 Duration

Although there is no stated maximum duration for authorized leaves without pay, because of their extraordinary nature, they should be scrutinized carefully both as to purpose and duration.

6.3 Effect on Service Credit Toward Tenure, a Certificate of Continuous Employment, or a 13.3.b. Appointment

An authorized leave of absence without pay represents a break in service toward tenure, a certificate of continuous employment (for a lecturer) or a 13.3.b. appointment (for a HEO) in the same manner as special leaves of absence without pay.

6.4 Summer Compensation

A full year authorized leave of absence without pay: The months of July and August (up to the commencement of the subsequent fall semester) will be unpaid. While the faculty member is in unpaid status, he/she is not eligible for University-paid health insurance and must file appropriate COBRA forms to continue coverage.

A one-half year authorized leave of absence without pay: If the authorized leave of absence without pay was taken during one semester and the faculty member provided active service in the other semester, the faculty member will be paid during the months of July and August (up to the date of the commencement of the subsequent fall semester) at 50% of the bi-weekly salary rate, thereby retaining health insurance coverage for both months.

7 ACADEMIC LEAVES AND MULTIPLE POSITIONS

While on leave the faculty member is expected to devote his/her time and energy to the purposes for which the leave was granted. As a general rule, employment within or outside of the University during leaves is prohibited, unless such involvement is integral to the purpose for which the leave is granted¹⁹ or there is a compelling college justification and may only be engaged in with the prior approval of the president.²⁰ In such extraordinary situations, the President may approve, on a strictly limited basis, some additional activities within or outside of the University.

8 RECORDKEEPING

The college should designate an office responsible for maintaining records on academic leave requests and the disposition of those requests

¹⁹ For example, a fellowship leave might be granted in conjunction with an honorary appointment at another University, which requires the individual to participate in a symposium or to present a paper. A special leave of absence without pay may be granted to permit a faculty member to serve as a visiting professor; however, a special leave may not be taken to assume a tenure track position or an administrative position at another institution of higher learning.

²⁰ For example, the faculty member may continue dissertation advisement while he/she is on fellowship leave.

Guidelines for preparation of Fellowship Leave Applications:

1. There are three areas in which the applicant may apply for fellowship leave: a) research; b) improvement of teaching; c) creative work in literature or the arts. Applicants should make clear the category in which they are applying and the committee agrees to evaluate the relative merits of proposals within each category.
2. Although it is understood that there will be differences among applications in these three categories, all applicants should write a clear proposal for consideration by academics not in the field of expertise of the applicant.
3. All applicants must provide a brief description (no more than 2 single-spaced pages) of the fellowship leave project. The description should include:
 - The significance of the proposed project to the field and to the individual development and long-range goals of the applicant.
 - How this project relates, if at all, to your previous work and research experience. Please list selected presentations, publications and grants that relate to this project.

- The timeliness of the proposed project and an explanation of why the work needs to be conducted during a sabbatical rather than during the academic year or summer. Please attach the contract or invitation for your work, if there is one.
 - The product that will be available at the end of the fellowship leave (description of articles, books, a plan for the development of curricula, exhibits, films, etc.).
4. Applicants must complete all items in sections I – III of the Fellowship Leave Application and sign section III where indicated.
 - As indicated in section III, item #6, **faculty awarded a fellowship leave must submit a summary, in writing, of his or her relevant activities during the leave to his or her department chairperson within thirty (30) days following the expiration of the leave.**
 - Department chairs will be required to include these summary reports in the annual reports they submit to Office of the Provost.
 5. Chairs must complete Section IV and sign where appropriate. The decision of the departmental P&B must be included. Forms must also be signed by the appropriate Dean on page 5 before being sent forward to the Provost's Office.
 6. All applicants must submit an updated CV.

Review Procedures for Fellowship Leave Applications*:

1. Department P&B reviews all applications and votes to recommend or not recommend leave. Applications that are not recommended do *NOT* move forward.
2. Department Chairs forward to their Dean the list of recommended candidates, completed applications and a written plan for covering teaching and other departmental responsibilities of recommended candidates.
3. The Deans review department plan for covering teaching and other departmental responsibilities. The Dean signs the applications and forwards the list of candidates and applications to the Provost's Office.
4. The Provost's Office will submit all applications to the FP&B Subcommittee on Research Fellowship Leaves for review by early February. The FP&B will vote on Fellowship Leave applications at one of its March, 2018 meetings.

*Procedures adopted by FP&B at its October 22, 2002 meeting.

Acting Provost and Vice President for Academic Affairs
Subject: 2017 - 2018 [Presidential Travel Award Program](#)

We are pleased to announce another round of funding for the Presidential Travel Award Program to support faculty participation in conferences and other research-related travel. Proposals for travel related to assessment and student learning in your discipline will also be considered. The President will provide funds for travel during the academic year, including the summer. These funds will be distributed to faculty in all schools and the library.

Online applications meeting the following criteria will be accepted from full-time faculty in the professorial ranks (i.e., Assistant Professors, Associate Professors, Professors, Distinguished Professors):

1. The travel in question takes place between September 1, 2017 and August 31, 2018. If the application is for reimbursement for a trip already taken, receipts may be submitted with the application.
2. There is a **description** of:
 - a. the conference/meeting the applicant wishes to attend, including dates and place, and how attendance/presentation will contribute to his or her research or enhance his or her professional profile. The applicant must identify his or her role at the meeting (e.g., convener, moderator, program planner, presenter, attendee, etc.) and the title of the work, if applicable. If the conference or workshop is related to learning and assessment, the applicant must indicate how attending the conference will enhance teaching, learning, or assessment at Hunter College, or
 - b. the use of the travel funds for other research related activities (e.g., data collection, meeting with research collaborators, etc.), including dates, place, and how the activity will contribute to his or her research or enhance his or her professional profile.
3. The applicant includes the **actual or anticipated costs of attendance** (e.g., registration, travel, lodging, food, etc.) and indicates if any of the costs will be covered by another source, or if the applicant will be paid or reimbursed for his or her participation.
4. **Outcomes for internal (Hunter College) funding applicants have received over the past 3 years.** Please enter outcomes (e.g., publications, grant proposals submitted and/or funded) based on funding received from the following internal funding sources: Shuster Faculty Fellowship Fund, the President's Fund for Faculty Advancement, and Presidential Travel Awards. Requests for funding from the Presidential Travel Award Program will not be considered if applicants do not enter outcomes from internal funding received over the past 3 years.

In order to increase efficiency and ease of application, all requests for funds must be submitted via the online form available here: <http://tinyurl.com/presidential-travel>

Faculty who receive awards to fund research-related travel are required to submit an abstract of their presentation or, where appropriate, a description of their research activities, to their chair and dean when they return from their trips. All faculty who travel for assessment- and learning-related purposes are expected to host an event or prepare materials in which they share what they have learned with their Hunter colleagues, and to report to their chair and dean on that event.

Application Deadline: October 11, 2017. (Applications will be forwarded to department chairs and deans.)

Award amounts will depend on the number and quality of applications received and the potential for impact on scholarship and teaching. Preference will be given to faculty who are presenting their scholarship or research.

From: Lon Kaufman
Acting Provost and Vice President for Academic Affairs
Subject: 2017-2018 President's Fund for Faculty Advancement

We are pleased to announce another round of funding via **The President's Fund for Faculty Advancement**, which seeks to provide faculty with the resources they need to publish completed work or obtain external funding for their research or creative work. In response to your requests and in support of Hunter's strategic plan, President Raab created this fund to help ensure that Hunter faculty have the resources they need to advance their careers and the research mission of Hunter College. Full-time tenured or tenure-track professorial rank faculty are eligible to apply.

The President's Fund for Faculty Advancement is specifically designed to provide you with the resources you need to publish completed or nearly completed work or obtain external funding for your research, scholarship or creative work. While all requests that address these goals will be considered¹, we provide the following examples of requests that are particularly appropriate for this program:

- Seed money (e.g., to collect pilot data, including new collaborative projects, necessary to submit a major grant proposal)
- Page charges for journal articles
- Costs related to the creation of a book index or professional illustrations
- Funds to pay for statistical consultation on publishable manuscripts or grant proposals
- Funds to pay for short-term research assistance to collect or analyze data for publication or grant proposals
- Costs related to the purchase of specialized datasets, software, or other scholarly materials necessary to complete a publishable scholarly or creative project or general pilot analyses for grant proposals

This year, applications will be accepted for proposals of **up to \$3000** per faculty member.

Applications must be completed online and include the following components:

1. **A brief proposal**, written for a non-disciplinary audience that:
 - a. describes the specific project for which the proposed items/services are requested

¹ Requests for travel funds to conferences and meetings and course release are NOT appropriate for this program. Travel funds should be requested via the [Presidential Travel Awards](#) program.

- b. explains why the requested items/services are necessary to submit your external grant proposal or publish your work within the specified time frame.
 - c. Specifies the target outcome (e.g., grant proposal, publication, creation of creative work, etc.)
2. **A budget** for the requested items/services that indicates if any of the costs will be covered by another source.
3. **An up-to-date *curriculum vitae***
4. **Outcomes for internal (Hunter College) funding you've received over the past 4 years.** Please enter outcomes (e.g., publications, grant proposals submitted and/or funded) based on funding received from the following internal funding sources: Shuster Faculty Fellowship Fund, the President's Fund for Faculty Advancement and Presidential Travel Awards (if the travel award was for research or data collection).

Requests for funding from the President's Fund for Faculty Advancement will not be considered if faculty do not enter outcomes from internal funding received over the past 3 years.

If funded, requested items/services must be purchased and used for a new or continuing research, scholarship, or creative project during the period of January 1, 2018 - December 31, 2018.

All applications must be submitted using the online form:

Paper applications will not be accepted.

All faculty who receive funding via this program are asked to submit an abstract of the submitted paper or grant proposal (or similar summary of the funded work) to their chairs and deans once the book, article, grant proposal, or other scholarly or creative work has been submitted.

All applications are due by October 15, 2017. Completed applications will be forwarded to department chairs and deans. We anticipate that final awards will be announced in November 2017.

Hunter College Fundraising Policy and Procedures for Cultivation and Solicitation of Grants and Gifts from Private Individuals, Corporations and Foundations

Clearance Policy and Procedures

Like all public institutions, Hunter College increasingly relies on philanthropy to enhance its academic programs, capital improvements, faculty and student research initiatives, student scholarships and internships, student activities, and a host of other projects. The college's policy and procedures for the cultivation and solicitation of grants and gifts have been designed to promote an environment in which fundraising is encouraged, supported, and guided. The purpose of a prospect clearance process is to facilitate and maximize Hunter's fundraising potential by ensuring that solicitations are:

- broadly compatible with the mission and goals of the college
- presented in ways that represent the college, requester, and proposal to best advantage
- targeted to donors in ways that ensure the most appropriate match of donor interests and college priorities
- coordinated to prevent competing or multiple proposals

As the college continues its successful capital campaign to raise our academic profile, we must continually upgrade and coordinate our fundraising efforts. Coordinated fundraising efforts will strengthen Hunter's ability to support a community of scholars that strives for excellence in teaching, learning, and research. Furthermore, the policy will provide a systematic and transparent process by which to review proposals that call for a commitment of college resources.

Scope

This policy is intended to cover solicitations to private individuals (alumni and non-alumni), corporations, and foundations, even those with whom you or your programs have had long-standing relationships. A separate policy and procedures regarding the solicitation of public officials, elected representatives, city and state agencies, councils, and legislatures, and various community organizations is available at <http://www.hunter.cuny.edu/provost/reports-policies/policies>.

With few exceptions, this policy does not cover competitions for federal government grants from, for example, the Department of Defense, the National Endowment of the Arts, the National Institutes of Health, or the National Science Foundation². One important exception is

² Applications for federal government grants and contracts, including those that are subcontracted through other non-profit organizations, should be routed through the Department Chair, the School Dean and the Office of Research Administration as has long been standard practice at Hunter College. Additional information can be found on the website of the Office of Research Administration: <http://www.hunter.cuny.edu/research/>

when the government agency will accept only one grant or cooperative agreement application from Hunter. In these cases, we request that you vet your application through the Office of the Provost at least four weeks before the due date. This should help avoid unnecessary effort on the part of multiple parties when only one proposal can ultimately be submitted.

Process

When a donor, corporation, or foundation contacts a faculty member: Upon receiving an unsolicited inquiry from a private individual, corporation, or foundation, you should contact the Executive Director of Development, Office of Institutional Advancement, at 212-772-4085.

Applications for foundations, corporations, and major gift prospects/donors: Faculty, staff and students with funding requests should complete the attached project/prospect clearance form. Among other things, the form requires disclosure of any resources requested from Hunter College, including faculty release time and the use of Hunter space and facilities. After being signed by the Department Chair and School Dean, the form should be sent to the Provost's Office for clearance review by the Provost and Executive Director of Development.

In most cases, proposals will be vetted expeditiously by the Provost and the Executive Director of Development, who will consult with other experts as necessary. In rare instances, such as when multiple or competing applications are being submitted to the same foundation and there are no clear guidelines for choosing one proposal over another, the Provost may request additional information and will organize and chair a meeting of a Clearance Committee that is composed of "Regular" and "Ad Hoc" members.

- "Regular" members include:
 - Provost (or designee), who would serve as chair of the committee
 - Executive Director of Development
 - Deans of the School of Arts & Sciences, Education, Health Professions or Social Work (or an appropriate representative)
- Ad Hoc members will be invited based on the nature of the specific funding requests under review. Ad Hoc members might include:
 - Vice President of Finance & Administration (or designee)
 - Vice President of Student Affairs (or designee)
 - Director of the Office of Research Administration
 - Faculty from related fields, as appropriate
 - College attorney, as appropriate
 - Other experts from the community, as appropriate

If a proposal is denied, the Provost and/or Executive Director of Development will offer guidance about the ways in which the proposal could be amended to increase the likelihood of clearance.

Brochures, direct mail campaigns and newsletters to alumni and friends require that a prospect contact request form be completed and forwarded to the Office of the Provost, which will coordinate a quick response in conjunction with the Executive Director of Development. A draft of the solicitation letter, brochure, or any other promotional materials must accompany the request. Requests will be considered within the broader context of mailings and outreach.

Time Line

Requests should be submitted to the Office of the Provost ***at least one month before the proposal is due***. In most cases, a response will be received within two weeks of submission. *Clearance will be granted for specified projects, donors, and periods of time.* If there are any changes in the nature or scope of the project, the list of potential donors, or the period of time for which clearance is sought, the Provost needs to be notified of the change in writing. Any questions should be directed to the Office of the Provost, 212-772-4150.

Annual Reports for Academic Departments and Programs

Each spring, the Provost Office requests annual reports from academic departments and programs. The purposes of these reports are to:

- 1) provide a forum for each school, department, and program to share its progress and request support, and
- 2) help the College assess its achievement of the Strategic Plan goals and make adjustments as needed.

In an ongoing effort to make this report as simple and as useful as possible, we have eliminated long narratives. Instead we request departments provide succinct commentaries on a short set of questions, each aligned with the Strategic Plan.

These reports are shared among senior administrators. We ask that chairs consult with their departments or programs, specifically the departmental or program P&B, before submitting the annual report. We also ask that chairs make the final report available to the entire department or program.

Assessment Progress Reports are also requested at the same time.

If you have any questions regarding the Annual Report please contact the Provost's Office: provost@hunter.cuny.edu.

Reports are submitted electronically in early June each year. Sample forms follow so that you can collect the requested information over the course of the academic year.

Your descriptors for the performance levels may vary, and if they do please substitute yours, but it's important to specify which level "meets expectations" for your program.

Indirect Assessment of Learning Outcomes

Indirect assessment typically relies on surveys (Student Experience Surveys, National Survey of Student Engagement, etc.), post-graduate outcome data, graduation and retention rates, grades, and a variety of other data. They may be used to assess particular learning outcomes or for more global assessment of the program. Indirect assessment should be part of every yearly review as a supplement to the direct assessment of learning. See attachment for examples of direct and indirect instruments.

(Describe briefly the assessment methodology: sample selection, assessment instruments, scoring process, and assessment design)

Conclusions What did you discover about student learning in your program?

What specific action decisions did you make based on your data and conclusions? (Please be concrete and plan actions to take effect in the following semester or sooner if practical.)

CUNY Faculty Scholarship Report: 2017

CUNY requires that all full time professorial faculty who were active in both the spring and fall terms of the previous calendar year provide details about their scholarship and/or creative work for that calendar year. **Faculty will receive an announcement when the web application opens to submit scholarship and creative activity reports for calendar year 2017.** Instructions for how to file scholarship and creative activity reports will be included with the announcement. Deadlines are typically in June.

These scholarship reports are used as measures of the scholarly productivity and research/creative capacity of the college, and impact how we are assessed and funded by CUNY. Hunter has long been a leader within CUNY in the quality and quantity of scholarship and creative work produced by the faculty.

For those who have no activity to report **must** still log in and indicate no eligible scholarship/creative work for calendar year.

If you experience any problems or have any questions, please contact the Provost's Office at provost@hunter.cuny.edu or 212-772-4150.

Thank you for your attention to the Faculty Scholarship Report, and for all your efforts to advance scholarly and creative activity at Hunter.

Evaluation Procedure for Members of the non-teaching staff, including Librarians, CLTs, Counselors, Student Personnel Services staff, Registrar series, HEO series and other non-teaching members of the Instructional Staff

From the Office of Legal Affairs

EVALUATION PROCEDURE for Members of the non- teaching staff, including Librarians, CLTs, Counselors, Student Personnel Services staff, Registrar series, HEO series and other non- teaching members of the Instructional Staff covered by the PSC/CUNY Collective Bargaining Agreement (CBA)

1. The evaluation process under Article 18 of the PSC/CUNY CBA requires the Chair or a Supervisor designated by the Dean or the President (C/S) to have a one on one evaluation conference with the employee, preferably once each semester, but at least once a year. The manner in which evaluations are conducted and documented is strictly dictated by the terms of our Collective Bargaining Agreements and may differ from the way evaluations are conducted in other contexts.
2. Under the CBA, no written evaluations are to be given to an EE prior to or during the evaluation conference. The C/S may prepare an outline of his/her thoughts or bullet points prior to the conference but should not distribute those materials to the EE in advance of, or during, the meeting. While evaluators may consult with others prior to conducting an evaluation conference, evaluation conferences and memoranda should reflect the opinion of the evaluator.
3. The conference should be a one-on-one meeting between the C/S and the EE. No third party may be present without a Settlement Agreement with the PSC. After the evaluation conference, the C/S is required to prepare a final written record of the evaluation discussion.
4. At the conference, the EE's total performance and professional progress should be reviewed. Since the purpose of professional evaluations is to encourage the improvement of individual professional performance and to provide a basis for decisions on re-appointment and promotions, it is important that the C/S:
 - a) Communicates his/her assessment of EE's overall performance.
 - b) Recommends how performance can be improved.
 - c) States his/her expectations going forward, and

- d) Gives EE an opportunity to respond and discuss the issues raised.
5. Within 10 working days following the conference, C/S must give EE the written evaluation memo, which lays out what C/S discussed in the conference (including EE's comments). It should be signed by C/S, and C/S should ask the EE to initial it and return it to C/S.
 6. The C/S should make it clear that by initialing the document, it does not mean that the EE agrees with the contents; it just indicates that he/she received the evaluation and had the opportunity to review it.
 7. The C/S should also tell the EE that if he/she disagrees with anything in the evaluation or wants to clarify anything or respond to anything in writing, he/she is free to submit a written rebuttal within a reasonable period, and the rebuttal will be attached to the evaluation and kept in his/her personnel file. The EE must be given a reasonable opportunity to review the evaluation conference memo and attach comments before it is placed in his/her personnel file. If the employee refuses or fails to initial the memo within the allotted time, it should be placed in his/her file with a notation of the employee's refusal or failure to initial (and with notice to the employee that the memo is being placed in his/her file. Be sure to send a follow up email to the EE within the week reminding him/her to return the evaluation. Save a copy of the email.

The signed evaluation must then be submitted to the Office of Human Resources no later than January 31. If the EE provides any response material after the memoranda have been submitted to HR, forward a copy of those responses to HR.

Faculty Workload [FWL]

Each semester colleges must report to the University on the activity of their instructional staff. It is **important that all instructional** [teaching] **and non-instructional** [administrative, released time, leaves of absence, etc.] **workload** be properly entered and coded every semester as the resulting data are used for budgeting, human resources reporting, and addressing union issues.

The data that initially populates the faculty workload system comes from the Schedule of Classes and HR. Please be sure that the information in both systems is correct since it will reduce the number of corrections on the back end.

Departments must ensure that:

- All instructional staff are correctly assigned to the courses they are teaching;
- Correct number of teaching hours have been assigned for each faculty member for each course;
- Appropriate credit has been given for non-instructional activities.

Deadlines for the Faculty Workload Reports are:

Fall Semester is due no later than February 1;

Spring Semester is due no later than July 15;

Summer Semester is due no later than August 31.

Note: Winter workload is now counted with spring – summer stands alone.

The department Chair should review the information entered by the department workload coordinator [i.e. workload credit as well as assignment of that workload].

Gift Policy Memorandum

TO: Department Chairs

FROM: Office of the Provost
Office of Legal Affairs
Office of Institutional Advancement

Thank you for all you do to support and enhance Hunter's position as a premiere public educational institution. We appreciate your ongoing efforts to promote Hunter and to cultivate new relationships that lead to funding. On that note, we would like to remind you, and please remind your faculty and staff, of Hunter's gift policy: no gifts (cash, checks, or securities) or gifts-in-kind (such as equipment) to the College or department may be accepted by you, your faculty or staff. The Vice President of Institutional Advancement is responsible for accepting and processing all gifts for the benefit of the College.

The protocol is as follows:

- If gifts for the College (cash, checks, securities, gifts-in-kind) are offered to you, you need to alert the Vice President of Institutional Advancement (Barbara Gunn). Barbara may be reached at BG1036@hunter.cuny.edu or 212-650-3733. If any gifts for the College are offered to your faculty or staff, they should promptly make you aware, so that you can alert Barbara.
- If you are approached directly by a potential donor, you need to alert Barbara so that a follow-up may be coordinated, as appropriate. If your faculty or staff is approached directly by a potential donor, they should notify you so that you can make Barbara aware and she can follow up, as appropriate.
- If a donor offers to provide a donation to the Hunter College Foundation, please tell them it should be sent to the Barbara Gunn, the Vice President of Institutional Advancement and if you do not have the email or address with you, that you will email them promptly the information as to where the donation should be sent.
- If a donor hands you a check, please bring it right away to the Office of Institutional Advancement (E1313A) and it will be recorded appropriately.
- Do not accept cash. Ask the donor to please use a check or refer the donor to Barbara to discuss the best way for them to make a donation.
- Gifts designated for your department's use must also be directed to Barbara who will arrange for them to be deposited into the appropriate account(s).
- Equally important, faculty and staff should not engage with existing donors on substantive development matters prior to informing and coordinating with the Vice President of Institutional Advancement.

If faculty or staff is offered a gift for their personal use, as opposed to for College use, they should consult with Hunter Legal for guidance on what to do. Please remind your faculty and staff that CUNY employees may not solicit or accept gifts of more than nominal value, either directly or indirectly, from any interested source, regardless of whether the gift was intended to influence or reward them. For CUNY purposes, interested sources, such as vendors, students, parents and publishers, include not only those persons and business entities with which CUNY (Hunter) is doing business, but also those persons and business entities interested in doing business with CUNY (Hunter), or who have a history of doing business with CUNY (Hunter) in the recent past. It is important that we remain vigilant in complying with our gift policy and protocol. Thank you for your part in facilitating our compliance.

Student Learning Assessment: Brief for Chairs

➔ *What is student learning assessment (SLA) and why is it important?*

Student learning assessment is the process of exploring what students are learning as a result of completing a course, a major, or a degree. It is very useful for improving what and how we teach and exploring what resources are needed.

➔ *What are the SLA responsibilities of each department or program?*

- Engage in ongoing course- and department/program-level assessment in order to ensure a sustained commitment to improvement over time.
- Provide evidence by completing the assessment section in the annual report to the Provost.
- Provide evidence by developing a long-term assessment plan.
- Include expected student learning outcomes on all syllabi.
- Provide evidence by keeping an updated archive of all course syllabi.

The latest reports, policies, and guidelines related to assessment can be found on the Office of Assessment website: <http://www.hunter.cuny.edu/academicassessment/PoliciesAndReports>

➔ *How do departments or programs engage in SLA?*

Student learning assessment is a four-step cycle:

1. Setting learning outcomes
2. Mapping outcomes to assignments
3. Analyzing data
4. Making improvements (“closing the loop”)

This cycle should be occurring at both the course- and department/program-levels on an ongoing, sustained basis. For assistance on how to complete each of these steps, visit the **Office of Assessment** website: <http://www.hunter.cuny.edu/academicassessment/HowTo>

You can schedule an individual or group consultation by contacting the Director of Assessment through the [Office of Assessment website](#).

Teaching Faculty Evaluation Procedure

From the Office of Legal Affairs

1. The evaluation process under Article 18 of the PSC/CUNY collective bargaining agreement (CBA) requires the Chair or a member of the departmental P&B designated by the Chair (C/D) to conduct an evaluation conference with the faculty member (FM) at least once a year. Tenured full professors may be evaluated. The manner in which evaluations are conducted and documented is strictly dictated by the terms of the CBA and may differ from the way evaluations are conducted in other contexts.
2. Under the CBA, no written evaluations are to be given to the FM prior to or during the evaluation conference. The C/D may prepare an outline of his/her thoughts or bullet points prior to the conference but should not distribute those materials to the FM in advance of, or during, the meeting. While the evaluator may consult with others prior to conducting an evaluation conference, the evaluation conference and memorandum should reflect the opinion of the evaluator.
3. The conference should be a one-on-one meeting between the Chair or Designee and the FM. No third party may be present without prior consultation with the Labor Designee and a settlement agreement with the PSC. After the evaluation conference, the C/D is required to prepare a final written record of the evaluation discussion. A copy of this written evaluation must be given to the FM within 10 days of the conference.
4. At the conference, the FM's total academic performance and professional progress for that year and cumulatively to date should be reviewed. Since the purpose of professional evaluations is to encourage the improvement of individual professional performance and to provide a basis for decisions on reappointment, tenure and promotions it is important that the C/D:
 - a) communicates his/her assessment of FM's overall academic performance, with special attention to teaching effectiveness, including, but not limited to, such elements as classroom instruction and related activities; administrative assignments; research; scholarly writing; departmental, college and university assignments; student guidance; course and curricula development; creative works in individual's discipline and public and professional activities in field of specialty.
 - b) Recommends how performance can be improved.
 - c) States his/her expectations going forward and
 - d) Gives FM an opportunity to respond and discuss the issues raised.
5. Then, within 10 working days following the conference, C/D must give FM the written evaluation memo, which lays out what was discussed in the conference (including FM's comments). It should be signed by C/D, and C/D should ask the FM to review the memo,

initial it and return it to C/D by a date certain for placement in the faculty member's personal personnel file.

6. C/D should make it clear that initialing the evaluation memo does not mean the FM agrees with the contents; it just indicates that he/she received the evaluation and had the opportunity to review it.¹
7. The faculty member must be given a reasonable opportunity to review the evaluation conference memo and attach comments before it is placed in his/her personnel file. If the employee refuses or fails to initial the memo within the allotted time, it should be placed in his/her file with a notation of the employee's refusal or failure to sign (and with notice to the employee that the memo is being placed in his/her file). Be sure to send a follow up email to the FM within the week reminding him/her to return the evaluation. Save a copy of the email.
8. The signed evaluation must then be submitted to the Office of Human Resources. If the FM provides any response material after the evaluation have been submitted to HR, forward a copy of those responses to HR.

¹ C/D should keep a copy of the evaluation that given to the FM, signed by C/D, in case the FM ends up not returning it. If the FM refuses or fails to initial the evaluation, C/D should write a note by the signature line (signed or initialed by C/D and the FM) saying that C/D gave the FM the signed evaluation on X date and that he or she refused or failed to sign it. Keep a copy of this in C/D's files and send a copy to HR that will be kept in the FM's official personnel file.
