

Fall Semester Assessment Breakfast Presentations/Workshops

The Office of Assessment, in collaboration with the Senate and the Office of the Provost, invites you to participate in two academic assessment and effectiveness presentations/workshops:

- 1) **Course-Level Student Learning Outcomes**
- 2) **Program-Level Student Learning Outcomes & Curriculum Mapping**

These two interactive sessions are intended to provide participants with the knowledge and skills to develop learning outcomes and assess those learning outcomes within a manageable and sustainable cycle of assessment. By participating in these sessions, you will be able to develop student learning outcomes, understand direct vs. indirect measures of assessment, and implement a sustainable plan of assessment for your course or program/department.
