THE HUNTER COLLEGE SENATE
COMMITTEE ON DEPARTMENTAL GOVERNANCE

Report for September Meeting of Senate

The Committee has received and reviewed a proposed amendment to the By-laws of the Department of Health and Physical Education.

Under the terms of this amendment, an elected Sub-chairman - stipulated to be of opposite sex from the Chairman - is replaced among the officers of the Department by a group of four (4) Program Coordinators, appointed by the Chairman and charged with management responsibilities for the principal academic programs of the Department: Health; Dance; Physical Education; and Co-curricular Activities. Details of language will be found in Attachment A.

At its regular meeting of May 8, 1974, the Committee on Departmental Governance found this amendment to be in consonance with the Hunter College Charter and Board of Higher Education By-laws and voted unanimously to recommend it to the Senate for approval.

Respectfully submitted,

F. Joachim Weyl
