Since the Ombudsman cannot order a faculty member or administrator to do anything, only further attempts at persuasion or a change of rules can rectify the situation. The Ombudsman suggested that an additional avenue, to increase compliance, is the use of "Letters of Reprimand" to school officers who supervise the uncooperative faculty or administrators. #### APPENDIX II

Report of the Special Senate Committee on Administrative Searches (as amended and approved).

1. Administrative searches, pursuant to these guidelines, shall be made for all administrators who, because of the nature of their policy making, have significant impact on academic affairs and on the rights and welfare of the students and the faculty. It is also recognized that the policy making of some administrators has a college-wide impact while others affect primarily only their divisions. Accordingly, it is proposed to have different search committee staffing procedures for these situations.

The following list is not intended to be a final complete list of all positions for which searches are to be conducted. They are the titles of the positions which currently satisfy the criteria in the first paragraph. As new administrative positions or titles are created, they will be examined to see whether or not they satisfy the criteria.

- a. Divisional searches shall be conducted for the following officers or their equivalents:
  - 1. Dean of Programs in Education
  - 2. Dean of Humanities & the Arts
  - Dean of Sciences and Mathematics
  - 4. Dean of Social Sciences
  - 5. Dean of School of Health Sciences
  - 6. Dean of School of Nursing
  - 7. Dean of School of Social Work
- b. School-wide searches shall be conducted for the following officers or their equivalents:
  - 1. Vice President & Provost
  - Dean of Students
     Dean of SGS

  - 4. Chief Librarian
  - 5. Registrar

# 2.a. Searches for Divisional (or equivalent) Deans

Each department (or other appropriate subdivision) in the division or equivalent may nominate one or more full time faculty members by election amongst its full time faculty members and one or more students by election amongst its student majors (or equivalent) for service on the search committee. Faculty members--including part-time faculty--and student majors from this division may also be nominated by petition of 25 faculty members and 25 students respectively. The Hunter College Senate shall elect a panel of 8 faculty members and 6 student members from this pool of nominees in such a manner as to provide for the widest possible distribution of departmental or programmatic respresentation on the committee. From this panel the President shall choose a search committee consisting of 4 faculty members and 3 students. Departments not represented on the committee shall be specifically invited to testify before the committee on their concerns and recommendations. The Senate shall elect a panel of 3 from amongst all divisions other than the one for which the search is being conducted, from which the President shall choose a non-voting Chairperson. The Chairperson shall function as the executive officer of the committee, sending out all correspondence, distributing information on candidates, arranging interviews, etc.
