

# Department of Mathematics and Statistics

## Preparation for Mathematics Placement Testing at Hunter College

### **Sample Testing**

On your own, you can gauge your level of math mastery by taking the three levels of diagnostic quizzes on the test prep website (you must sign into Blackboard before clicking this link):

[www.tinyurl.com/hctestprep](http://www.tinyurl.com/hctestprep)

We recommend that you take these quizzes before taking the MPT to help gauge where you would likely place, and if you believe you know more or need a refresher, consider taking one of the free workshops below.

### **Free Refresher Online Workshops to Prepare for the MPT**

The Department of Mathematics & Statistics provides free, online refresher workshops that cover the skills you need to have a chance to move up to the next milestone level on the MPT. At any time before taking the MPT (there are no do-overs), you can explore and enroll in the free online immersion workshops at the following links (you must sign into Blackboard before clicking any of these links):

“Online Immersion Workshop to Place in Math Milestone 10100”

[www.tinyurl.com/hcrep10100](http://www.tinyurl.com/hcrep10100)

“Online Immersion Workshop to Place in Math Milestone LEVEL1”

[www.tinyurl.com/hcreplevel1](http://www.tinyurl.com/hcreplevel1)

“Online Immersion Workshop to Place in Math Milestone Level2”

[www.tinyurl.com/hcreplevel2](http://www.tinyurl.com/hcreplevel2)

### **Note**

If your math milestone placement is Math Milestone 101EN, you will be required to enroll in and successfully complete the free, “Online Immersion Workshop to Place in Math Milestone 10100” referenced above. That workshop, which offers tutoring help and has rolling enrollment, is estimated to take 8-24 hours to complete at your own pace.
